Pre-Event and Post-Event Meeting

It is strongly recommended that you arrange a pre-event meeting with a MACC event planner.

This meeting should be conducted at least fifteen (15) business days prior to the event. This will provide an opportunity to review the event with your planner and meet the members of each operating department that will be responsible for your event.

If time permits, a post-event meeting with the planner to discuss the service received would be helpful to the facility. We welcome comments about our service as we are continually striving to improve our methods of operation and service.

Insurance

The private promoter/renter using any of the facilities of the MACC is required to have insurance coverage in effect during the entire occupancy, including move-in, event days and move-out.
