Random Audible Testing of the Storm Warning System

PITTSBURG, Kansas – The City of Pittsburg Traffic & Communications Division will be conducting random audible testing of its storm warning system next week to provide for any necessary maintenance of the sirens. This testing will begin on Monday, August 7th and will continue through Friday, August 11th, during the hours of 7 am to 3:30 pm.

Should the weather not be favorable, the sirens will not be tested.

Please contact the Public Utilities Department at (620) 240-5126 with questions regarding this project.
