Interoffice Memorandum

TO: DARON HALL
City Manager

FROM: CAMERON ALDEN
Director of Public Works

DATE: June 25, 2019

SUBJECT: Agenda Item – July 9, 2019
Final Payment and Change Order No. 2
2018 Street Improvements Project

The contractor, Blevins Asphalt Construction Co., Inc. of Mt. Vernon, Missouri, has completed all work on the above-referenced project and is now requesting final payment. They have also submitted Change Order 2 for consideration. This change order reflects a decrease of \$12,688.57 and covers adjustment in planned quantities. If approved, the new contract construction amount will be \$504,648.61.

The Governing Body previously approved Change Order No. 1 to add improvements to South Stilwell Street, Thomas Street, South Taylor, Stilwell Circle, and Osage Street to the scope of the project for a total cost of \$187,795.97. This work was later removed from the contract due to time restraints for the contractor to complete the work. This work was added to the 2019 Surface Preservation Project.

Would you please place this item on the agenda for the City Commission meeting scheduled for Tuesday, July 9, 2019. Action necessary will be approval or disapproval of Change Order No. 1 and for final payment to Blevins Asphalt Construction Co., Inc. in the amount of \$25,956.33. This project is being funded by sales tax street program funds.

Street Division Paver Leasing

The City of Pittsburg recently placed an advertisement in the newspaper and sent out RFQ's to seek quotes from financial institutions for the financing of a 2010 Model Roadtec RP190 Paver for use by the Pittsburg Street Division. The specifics of the purchase are as follows:

- Total Contract Price of \$179,467.00 (see attached proposal for equipment descriptions).
 - 2010 Model Roadtec RP190 Paver Serial #372
 - 300 current hours
 - Carlson EZ4 Screed with New Screed Plates
 - MOBA Grade and Slope Controls.
 - Hydraulic Power Tunnel Extensions
 - Heated Endgates
 - Truck Hitch
 - Extended 3-Year 2000 Hour Powertrain Plus with Travel Time and Mileage \$18,467.00
 - Price included extended warranty \$179,467.00
- Quotes shall include these lease options:
 - 5 year lease / purchase
 - 5 annual payments, first at delivery of equipment
- Quotes shall include the annual payment amount, payment schedule, and interest rate.
- Quotes shall include the bidders lease purchase agreement which will be subject to the provisions of KSA 10-1116b and KSA 10-1116c and the City of Pittsburg's purchasing policy.

MEMO TO: DARON HALL
JULY 3, 2019
PAGE TWO

- All quotes shall be viable for a minimum of 30-days from submission.

RFQ's were sent out to 12 local financial institutions. A total of 3 quotes were received in response to the request (see attached RFQ acknowledgement sheet).

City staff has evaluated the quotes received and is requesting Governing Body approval to purchase the equipment in the amount of \$179,467.00 and to enter into a five year lease/purchase agreement with Commerce Bank (Clayton Holdings), of Pittsburg, based on an interest rate of 2.52% and annual payments in the amount of \$37,701.86.

Would you please place this item on the agenda for the City Commission meeting scheduled for Tuesday, July 9th, 2019. Action necessary will be approval or disapproval of the equipment leasing proposal submitted by Commerce Bank and, if approved, authorize the Mayor to sign the necessary lease/purchase agreement once prepared.

If you have any questions concerning this matter, please do not hesitate to contact me.

Material and Construction Inspection for 2019 Street Improvements

As part of its ongoing street maintenance, the City is performing a mill and overlay and restriping sections of North Broadway and South Broadway as well as a mill and overlay in the area around South Stillwell on either side of Centennial. Along the Broadway portions, a higher-grade asphalt mix is being used due to the traffic and loading on Broadway. The City is using Olsson Inc., one of its on-call engineering firms, to perform material testing and some construction engineering/inspection tasks.

Olsson Inc. has proposed to perform construction engineering for a not-to-exceed cost of \$60,100.00 based on 10 days for 50 working days. The contractor's current schedule is for less than half of that time so the final cost is expected to be significantly less than the proposed not-to-exceed amount. Olsson Inc.'s costs are to be paid out of the City's Street Sales Tax.

Would you please place this item on the agenda for the City Commission meeting scheduled for Tuesday, July 9, 2019. Action being requested is approval of Olsson Inc. proposal and that it be paid from the City's Street Sales Tax.

Water Distribution Network Model

The City would like to move forward with a Water Distribution Network Model (model) as well as having a Firm perform on-call duties related to analysis of the Water Distribution System. Having a Water Distribution Network Model allows the City to run many different analyses on the current system as well as how future changes would affect the system. The model can also perform a hydrant flow analysis that will provide fireflows for each hydrant without having to physically test each hydrant in the system. Prior to this year, the Fire Department flow tested every hydrant as they did a system flush which added significant time to their efforts and extended the impacts of the system flush to the water customers. The Fire Department's efforts in performing the annual flow tests has helped maintain the City's ISO rating. Thanks to these efforts and other improvements to the system, the City now has an ISO rating of 2.

After reviewing many proposals, the City staff recommend using Allgeier, Martin and Associates, Inc. of Joplin to create a model using the City's GIS shape files and other information from the City's water utility. City staff also recommends using Allgeier, Martin and Associates, Inc. for on-call services related updating the water model and running any analysis using the model, such as an annual fire flow analysis. The proposal cost for the generation of the initial model, calibration of the model, and running of the fire flow analysis is a not-to-exceed fee of \$16,000.

Would you please place this item on the agenda for the City Commission meeting scheduled for Tuesday, July 9, 2019. Action being requested is acceptance of Allgeier, Martin and Associates, Inc.'s proposal to create and calibrate a Water Distribution Network Model and to provide on-call engineering services relating to the water model.

Re: Proposal for Water Distribution Network Model

Mr. Cameron Alden and Selection Committee:

Thank you for shortlisting Allgeier Martin in your selection process to retain an engineer to revitalize your water system model and provide ongoing on-call engineering services. We understand that the City would like this proposal to include:

1. A maximum fee to generate a working model of the water system based on the existing GIS information provided by the City. This task will also include running a fire flow analysis within the hydraulic model once it is fully functional and calibrated.
2. Provide a rate scheduled for the hourly rates at which on-call services will be provided over the next five years for use of the hydraulic model to evaluate scenarios as directed by the City.

Water Model Maximum Fee:

Maximum Fee: \$16,000.

After reviewing the GIS shape files made available to us, we anticipate the generation of the water line layout for the model to be relatively simple. We did not receive any information on the meter locations, water tower elevations, pumping rates or actual water usage, which we can work with the City to obtain as the project progresses. The scope we envision for this task would include creating a functioning water system model, based on the information made available through the City GIS mapping and running a steady state analysis and fire flow analysis to provide a base line of results. From that point we would calibrate the model with hydrant testing information provided by the fire department (if available) and pressure and flow testing data obtained by our staff (1 day of field-testing hydrants). This field data would be utilized to calibrate the model. If additional investigation and modification of the model is needed, we would review our model for errors or omissions and work with the City to determine any inaccuracies until a model calibrated to within industry standards is achieved.

"On-Call Services"

Fee: See attached rate fee and task schedule, below.

Allgeier Martin can provide on-call services related to model updates, model evaluations, assistance with City personnel training on the model software or whatever needs arise. These services would be provided on an hourly basis based on the rate schedule attached. Due to the five-year term of the contract, we are providing a discounted rate schedule that holds the rates constant for the first year and a half (present through December 31, 2020), then modestly increases them the remaining years.

If desired, we offer a lump sum fee for tasks associated with a few common services utilizing a hydraulic model. These tasks are for the basic, straight forward scenarios described herein. A more complex situation would be handled based on the hourly rates. If the situation warrants, we may administer hourly rates instead of established fees stated below, which will be determined at the time the City requests on-call services. If the City prefers that all on-call service be provided simply on an hourly rate, that option would be acceptable to Allgeier Martin too. We are flexible in how the on-call contract is established.

1. Review and evaluation of proposed users - \$1,000 If the City is requested to provide water service to a new facility on existing system lines and there are concerns as to if the system can provide the necessary pressure and flow, the model could be used to determine the ability of the system to meet this new demand. The City would need to provide the service location and either the pressure and flow required or enough information from the owner to determine a typical pressure and flow requirement for the planned connection. After review of this scenario within the model, a letter would be provided to the City recommending for or against the allowance of this additional connection to the system. The letter will include a description of the basic hydraulic information that was utilized in addition to an explanation of the recommendation.

2. Review of Water Line Extensions - \$2,500 If the City is requested to provide water service to a new area, industry or development that requires a water line extension, the same information as above would be required and a letter would be generated to convey the determination. In addition, the letter will include a description of the necessary water line extension(s), size and length of the water line to be constructed, and the basic hydraulic information utilized. This does not include detailed plans and specifications for the water line.

We have also attached a copy of a sample contract for on-call services we have used recently for a nearby water district. While the contract references some sewer services too, it could easily be modified to be utilized for the City of Pittsburgh water system on-call services, if desired. We also refer you to page 8 of our qualifications which lists 19 additional cities and water districts for whom we perform on-call engineering services.

We appreciate the opportunity to provide this proposal to the City, and look forward to the potential of collaborating with your staff to benefit of the community of Pittsburgh.

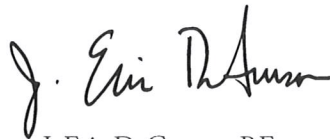

If this proposal does not address all of your questions or concerns, please feel free to contact us so that we can discuss any additional items you would like us to explain.

Sincerely,

ALLGEIER, MARTIN and ASSOCIATES, INC.

PUBLIC HEARING
Request to Vacate a portion of Warren Street from the South Right-of-Way line of West 1st Street to the North Right-of-Way line of the South Kansas and Oklahoma Railroad Right-of-Way

The Planning Commission/Board of Zoning Appeals, during a Public Hearing in its meeting of June 24, 2019, considered a request submitted by Sharon Westpfahl of Wheeler and Mitchelson, Chartered, to vacate a portion of Warren Street from the South Right-of-Way line of West 1st Street to the North Right-of-Way line of the South Kansas and Oklahoma Railroad Right-of-Way located in the City of Pittsburg, Crawford County, Kansas. (see attached map).

After reviewing all the evidence presented, the Planning Commission/Board of Zoning Appeals voted unanimously to recommend to the Governing Body **approval** to vacate this street. Action being requested is to review this request and, if approved, direct the City Attorney to prepare the necessary Order.

If you have any questions concerning this matter, please do not hesitate to contact me.

DEBT AND MORTGAGE SUBORDINATION AGREEMENT

This Debt and Mortgage Subordination Agreement (“**Agreement**”) is executed and entered into effective as of _____, 2019, by and among **ARVEST BANK**, an Arkansas banking association (“**Senior Creditor**”), **P & L DEVELOPMENT, LLC**, a Kansas limited liability company (“**Borrower**”), and **THE CITY OF PITTSBURG, KANSAS**, a Kansas municipality (“**Subordinated Lender**”).

RECITALS:

A. Pursuant to a Promissory Note dated March 5, 2019 from Borrower to Senior Creditor, Senior Creditor made a loan to Borrower for the original principal sum of One Million Four Hundred Thirty-One Thousand and No/Dollars (\$1,431,000.00) (as amended, modified, extended or increased from time to time, the “**Senior Loan**”) pursuant to various loan documents dated March 5, 2019 by and between Borrower and Senior Creditor (as amended or modified from time to time, collectively with the Loan Agreement, the “**Senior Loan Documents**”), including, but not limited to a Mortgage (With Future Advance Clause) from Borrower to Lender dated March 5, 2019 and recorded on March 11, 2019 in the records of the Register of Crawford County, Kansas as Document No. 0636-0755 (the “**Senior Mortgage**”), which covers the real property identified on Exhibit A hereto and all improvements thereon (the “**Mortgaged Property**”).

C. Pursuant to a Loan Agreement and Security Agreement dated November 19, 2018 by and between Subordinated Lender and Borrower, Subordinated Lender has extended a \$450,000 loan to Borrower (as amended, modified, extended or increased from time to time, the “**Subordinated Loan**”), as secured by a Second Mortgage from Borrower to Lender dated February 5, 2019 and recorded on February 21, 2019 in the records of the Register of Crawford County, Kansas as Document No. 0636-0514 (the “**Subordinated Mortgage**”), which also covers the Mortgaged Property.

D. It is the intention of Senior Creditor, Subordinated Lender, and Borrower that any and all Subordinated Loans, all liens securing the Subordinated Loans, and claims for payment of the same shall be junior and subordinate to the Senior Loan and the liens created in favor Senior

Creditor pursuant to the Senior Loan Document and to any other additional, further indebtedness, future indebtedness, or renewals thereof or otherwise of Borrower to Senior Creditor.

E. The Subordinated Mortgage was intended to be subordinate to Senior Creditor's lien under the Senior Mortgage, and as a condition to the extension of credit pursuant to the Senior Loan, Senior Creditor has required that Subordinated Lender, and Borrower enter into a subordination agreement agreeing to subordinate any indebtedness owed to Subordinated Lender by Borrower and any liens securing the Subordinated Loan to the Senior Mortgage, the Senior Loan, and the interest of the Senior Creditor.

F. Borrower and Subordinated Lender acknowledge that their execution of this Agreement is a condition to Senior Creditor having extended the Senior Loan.

NOW, THEREFORE, in consideration of the mutual covenants set forth herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

ARTICLE ONE **DEFINITIONS**

1.1. Definitions. For all purposes of this agreement and wherever the same herein appear, the term:

(a) **"Subordinated Debt"** shall mean and include the principal of, interest on, and all other amounts owing in connection with, all duties, obligations and liabilities of Borrower to Subordinated Lender, or any successor, assign, transferee, person or entity in which Borrower, or any subsidiary thereof, owns a legal or beneficial interest, of every kind and description, whether direct or indirect, absolute or contingent, joint and/or several, due or to become due, now existing or hereafter arising, regardless of how they arise or by whatever agreement or instrument they may be evidenced, including but not limited to that certain Promissory Note of Borrower to Subordinated Lender dated November 19, 2018 for the principal sum of \$450,000.00, together with all amendments, modifications, restatements or renewals thereof.

(b) **"Senior Debt"** shall mean all principal, interest, fees, costs, expenses (including attorneys' fees), liabilities, obligations and other amounts payable under or with respect to the Senior Loan, the Senior Loan Documents, any other additional, further indebtedness, future indebtedness, or renewals of Borrower to Senior Creditor, and all other documents and instruments executed or delivered in connection therewith (collectively, the **"Security Instruments"**), at any time and from time to time, and all amendments, modifications, renewals, extensions, increases substitutions or rearrangements of any of the foregoing.

ARTICLE TWO

SUBORDINATION OF LIENS

2.1. Agreement for Subordination of Subordinated Debt and Subordinated Mortgage.

(a) Subordination of Subordinated Mortgage. Subordinated Lender agrees to, and hereby does, subordinate all of its right, title and interest in the Mortgaged Property and all other mortgaged property described in the Subordinated Mortgage to the lien of the Senior Creditor under the Senior Mortgage. Subordinated Lender also subordinates all of its right, title and interest in and to such Mortgaged Property to the lien of Senior Creditor evidenced by any financing statements or assignments of rents and leases executed or authorized by Borrower in favor of Senior Creditor.

(b) Subordination of Subordinated Debt. The Subordinated Debt and any extensions, modifications, amendments, substitutions or refinances thereof is hereby made expressly wholly subordinate and junior to the Senior Debt whether now or hereafter outstanding to the extent and in the manner set forth in this Agreement. Each holder of Senior Debt and each holder of Subordinated Debt, whether now outstanding or hereafter created, incurred, assumed or guaranteed, shall be deemed to have acquired Senior Debt or Subordinated Debt, respectively, in reliance upon the provisions contained in this Agreement.

Notwithstanding the foregoing, until the Senior Debt is repaid in full, including payment of all outstanding principal, interest, late fees and other charges, only to the extent that such payments will not cause an Event of Default to occur under the Senior Loan Documents, Subordinated Lender may accept and retain scheduled payments of principal and interest on the Subordinated Debt, but no other payments of the Subordinated Debt; *provided*, that neither Borrower nor any obligor of the Subordinated Debt shall make any payment in respect of the Subordinated Debt, whether pursuant to the terms of the Promissory Note evidencing the Subordinated Debt or otherwise, upon acceleration or otherwise, and Subordinated Lender shall not accept any payment in respect of the Subordinated Debt, if at the time of such payment an Event of Default exists and continues under the Senior Loan Documents and Senior Lender has given Subordinated Lender written notice of such Event of Default, such notice has not been retracted by Senior Lender, and such Event of Default continues to exist as of the date of such payment to Subordinated Lender.

All payments or distributions upon or with respect to the Subordinated Debt that are received by Subordinated Lender in contravention of the foregoing, shall be received in trust for the benefit of Senior Lender, shall upon written request be segregated from other funds and property held by Subordinated Lender, and shall be forthwith paid over to Senior Lender in the same form as so received (with any necessary endorsement) to be applied to or held as collateral for the payment or prepayment of the Senior Debt.

(c) Subordination of Claims. Borrower and Subordinated Lender also agree any and all claims of Subordinated Lender against Borrower, now or hereafter existing, are, and shall be at all times, subject and subordinate to any and all claims, now or hereafter existing that Senior Lender may have against Borrower (including any claim by Senior Lender for interest accruing after any assignment for the benefit of creditors by Borrower or the institution by or

against Borrower of any proceedings under the Bankruptcy Code, or any claim by Senior Lender for any such interest that would have accrued in the absence of such assignment or the institution of such proceedings).

2.2. Intentionally Deleted.

2.3. Application of Proceeds.

(a) Senior Creditor and Subordinated Lender agree that upon an Event of Default under any of the Senior Loan Documents existing past any applicable cure period, the proceeds of any sale, disposition, or other realization upon any Collateral shall be applied by the Senior Creditor in the following order of priority:

First: to the Senior Creditor, an amount equal to any unpaid expenses of such sale, disposition or other realization, all expenses, liabilities and advances incurred or made by the Senior Creditor in connection therewith and all reasonable attorneys' fees incurred in connection therewith;

Second: to the Senior Creditor, an amount equal to the unpaid principal, accrued interest, fees and other amounts payable with respect to the Senior Debt, whether or not then due and owing, including without limitation any costs and expenses of Senior Creditor and its representatives payable under the Security Instruments;

Third: to any other secured subordinated lender in accordance with Senior Creditor's agreement with such party, an amount equal to the unpaid principal, accrued interest, fees and other amounts payable with respect to such secured party's subordinated debt, whether or not then due and owing, including without limitation any costs and expenses of such subordinated secured party and its representatives payable under any documents or instruments relating to such creditor's subordinated debt;

Fourth: any surplus then remaining shall be paid to Borrower or its respective successors or assigns, to whomsoever may be lawfully entitled to receive the same, or as a court of competent jurisdiction may direct, including to Subordinated Lender if so directed.

(b) Nothing contained in this Section 2.3 shall be construed to entitle Subordinated Lender to receive any distributions contrary to the terms of the Subordinated Debt or applicable laws.

(c) As to Borrower nothing contained herein in this Section 2.3 shall be construed or shall constitute a waiver of any rights or a modification of any terms granted Borrower and set forth in the Security Instruments with respect to Senior Creditor.

2.4. No Commencement of Any Proceeding. Subordinated Lender disclaims any senior security interest in the Collateral, and the Subordinated Debt is secured only by the subordinate lien on the Collateral described herein. Subordinated Lender agrees that, so long as

any of the Senior Debt shall remain unpaid, they shall not exercise any right, power or remedy with respect to the Collateral.

2.5. Limitation on Senior Creditor's Duties in Respect of Collateral. Senior Creditor shall not have any duty to Subordinated Lender as to any Collateral in its possession or control or in the possession or control of any of its agents or nominees, or any income thereon, or as to the preservation of rights against prior parties or any other rights pertaining thereto.

2.6. Insurance and Condemnation Proceeds. In the event Senior Creditor shall release or permit the use of (for the purposes of the restoration of all or any part of any improvements on the Collateral) either: (a) the proceeds under policies of insurance; or (b) any condemnation awards, or other compensation, made for any damages, losses or compensation for other rights by reason of a taking in eminent domain (such proceeds, awards, and other compensation being collectively called the "**Proceeds**"), then Subordinated Lender shall likewise for such purpose, release or permit the use of, all of its respective right, title and interest, if any, in and to all such Proceeds; *provided*, that Subordinated Lender hereby disclaims any interest in such Proceeds. Subordinated Lender further assigns and transfers to Senior Creditor all of Subordinated Lender's right, title, interest and claim, if any, in and to the Proceeds for so long as any of the Senior Debt remains unpaid. Subordinated Lender agrees that the Proceeds may be distributed and applied in the manner provided in the Loan Agreement and Security Instruments, which provisions shall govern and control any contrary provisions of the subordinated promissory note given by Borrower to Subordinated Lender for Subordinated Loan.

ARTICLE THREE **MISCELLANEOUS**

3.1. Rights of Subrogation. No payment or distribution to the Senior Creditor pursuant to the provisions of this Agreement shall entitle Subordinated Lender or any other holder of all or any portion of the Subordinated Debt to exercise any rights of subrogation in respect thereof until the Senior Debt have been paid in full.

3.2. Rights Concerning Loans. The rights of the Senior Creditor and the obligations of Subordinated Lender and any other holder of all or any portion of the Subordinated Debt under this Agreement shall remain in full force and effect until the Senior Loan and the Senior Debt shall be paid in full, irrespective of:

(a) any lack of validity or enforceability of the Promissory Notes or any of them evidencing the Senior Loan, the Senior Loan Documents, this Agreement, or any other Security Instrument;

(b) any change in the amount, manner, place or terms of payment or change or extension of the time of payment of or renewal or alteration of the Senior Debt in any respect, or any modification or amendment of any Security Instruments;

(c) sale, exchange, release or other dealings with all or any part of any property pledged or mortgaged by whomsoever at any time to secure the Senior Debt;

- (d) any release of any guarantor to the extent liable or otherwise obligated for the Senior Debt;
- (e) exercise or refrain from exercising any rights against Borrower and others;
- (f) application of any sums, by whomsoever paid or howsoever realized, to the Senior Debt in any manner or order in Senior Creditor's sole discretion;
- (g) any exchange, release or non-perfection of any interest in any of the Collateral securing the Senior Debt, or any release, amendment or waiver of or consent to departure from any guaranty for the Senior Debt; and
- (h) any other circumstance or event that might otherwise constitute a defense available to, or a discharge of, Borrower in respect of the Senior Debt or Subordinated Debt, or Subordinated Lender in respect of this Agreement.

3.3 Evidence of Subordinated Debt. Subordinated Lender agrees that all Subordinated Debt that currently exists or may be hereafter acquired will be evidenced by either a promissory note(s) from Borrower to Subordinated Lender or an accounting entry on Borrower's books showing the account payable to Subordinated Lender, which shall be secured only on a subordinate basis to the Senior Debt.

3.4. Right of Assignment. This Agreement and the Senior Creditor's rights in and to the Senior Debt may be assigned by Senior Creditor in connection with any assignment or transfer of all or any part of the Senior Debt.

3.5. Books and Records. Borrower agrees to cause its books to show that Subordinated Debt is subordinated to the Senior Debt in the manner and to the extent set forth in this Agreement.

3.6. Governing Law. This Agreement shall be governed by and construed and enforced in accordance with, and the rights of the parties shall be governed by, the internal laws of the State of Kansas and applicable federal laws.

3.7. Amendments. This Agreement shall not be changed orally but shall be changed only by agreement in writing signed by the party against whom such amendment is sought to be enforced. No course of dealing between the parties, no usage of trade and no parole or extrinsic evidence of any nature shall be used to supplement or modify any of the terms or provisions of this Agreement.

3.8. Partial Invalidity. If any provision of this Agreement is held to be illegal, invalid or unenforceable under present or future laws, the legality, validity and enforceability of the remaining provisions of this Agreement shall not be affected thereby, and this Agreement shall be liberally construed so as to carry out the intent of the parties to it. Each waiver in this Agreement is subject to the overriding and controlling rule that it shall be effective only if and to

the extent that: (a) it is not prohibited by applicable law and (b) applicable law neither provides for nor allows any material sanctions to be imposed against Senior Creditor for having bargained for and obtained it.

3.9. Pronouns; Interpretation. The pronouns used in this Agreement are in the masculine and neuter genders but shall be construed as feminine, masculine or neuter as occasion may require. "Subordinated Lender", "Senior Creditor", and "Borrower" as used in this Agreement include the heirs, devisees, executors, administrators, personal representatives, trustees, beneficiaries, conservators, receivers, successors, transferees and assigns of those parties. This Agreement shall not be construed more strictly against one party than the other merely by virtue of the fact that it may have been prepared by counsel for one of the parties. Wherever the term "including" or a similar term is used in this Agreement, it shall be read as if it were written "including by way of example only and without in any way limiting the generality of the clause or concept referred to."

3.10. Entire Agreement. This Agreement embodies the entire agreement and understanding between the parties hereto with respect to their subject matter and supersedes all prior conflicting or inconsistent agreements, consents and understandings relating to such subject matter. The parties acknowledge and agree there is no oral agreement between the parties that has not been incorporated in this Agreement.

3.11. Non-waiver. No delay or failure by Senior Creditor to exercise any right under this Agreement, and no partial or single exercise of that right, shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

3.12. Waivers by Subordinated Lender. Subordinated Lender and Borrower each hereby waive presentment, demand, protest, promptness, diligence, notice of acceptance and any other notice with respect to any of the Senior Debt, the Subordinated Debt or this Agreement, and further waive any requirement that Senior Creditor protect, secure, perfect or insure any security interest or lien or any property subject thereto, or exhaust any right or take any action against either Borrower, any other person or any collateral. No notice to or demand on Borrower or Subordinated Lender shall be deemed a waiver of any right of Senior Creditor to take further action without notice or demand.

3.13. Notice of Default. Subordinated Lender agrees to promptly notify Senior Creditor of any default or breach of any term or condition of any Subordinated Debt or any document evidencing or associated with the same. Senior Creditor agrees to promptly notify Subordinated Lender of any default or breach of any term or condition of any of the Senior Debt or any document evidencing or associated with the same.

3.14. Headings. Headings in this Agreement are for convenience only and shall not be used to interpret or construe its provisions.

3.15. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

3.16. Binding Effect. The provisions of this Agreement shall be binding upon and inure to the benefit of each of the parties hereto and their respective heirs, personal representatives, successors and assigns. Subordinated Lender shall not sell, assign, pledge, encumber or otherwise dispose of any Subordinate Debt unless such sale, assignment, pledge, encumbrance or disposition is made expressly subject to the terms and provisions of this Agreement and the transferee shall enter into an agreement with Senior Creditor acknowledging that it is bound by such terms and provisions. Nothing herein is intended or shall be construed to give any other person or entity any right, remedy or claim with respect to this Agreement, the Senior Debt or Subordinated Debt.

3.17. Recording. This Agreement shall be recorded in the records of the Register of Crawford County, Kansas to evidence the subordination of the Subordinated Mortgage, and the parties hereto hereby consent to such recording.

CITY OF PITTSBURG, KANSAS CITY COUNCIL

PITTSBURG, KANSAS

RESOLUTION NO. 1223

A RESOLUTION OF PITTSBURG, KANSAS APPROVING THE “SIDEWALK FEASIBILITY STUDY NORTH MEDICAL DISTRICT”, AS RECOMMENDED BY LIVE WELL CRAWFORD COUNTY.

WHEREAS, Live Well Crawford County has access of up to one-hundred thousand dollars (\$100,000) in grant funding through the Pathways to Healthy Kansas Grant, a Blue Cross and Blue Shield of Kansas initiative, upon approval of this resolution; and

WHEREAS, the \$100,000 would be dedicated toward implementation of the existing “Sidewalk Feasibility Study North Medical District” plan; and

WHEREAS, the plan will improve the physical infrastructure for pedestrian and bicycle travel by residents and visitors in the City of Pittsburg, Kansas and provide much needed connectivity to and between the North Medical District facilities; and

WHEREAS, healthcare costs are reduced when residents, including patients, workers, and community members, are more physically active; and

WHEREAS, the METHOD OF ACCOUNTABILITY will be an MOU between the City of Pittsburg and Live Well Crawford County prior to the transfer of \$100,000, which includes assurances that the money will be used for the sole purpose of completing the above-stated project.

NOW, THEREFORE, BE IT RESOLVED by the City Council of Pittsburg, Kansas, that it approves and adopts the “Sidewalk Feasibility Study North Medical District” recommendation, and agrees to use the \$100,000 provided by the Pathways grant toward the implementation of the project as detailed in the “Sidewalk Feasibility Study North Medical District” plan.

BE IT FURTHER RESOLVED, the City Council of Pittsburg, Kansas will complete this project within one year of signing this resolution.

THIS RESOLUTION shall take effect and be in force after its passage and publication in the official County newspaper.

Given under our hands the 9th day of July 2019 in Pittsburg, Kansas.

INTEROFFICE MEMORANDUM

To: Daron Hall, City Manager
From: Cameron Alden, Director of Public Works and
Kim Vogel, Director of Parks and Recreation
CC: Tammy Nagel, City Clerk
Date: July 2, 2019
Subject: July 9, 2019 City Commission Meeting Agenda Item
Resolution Number 1223

City staff, along with the Active Transportation Advisory Board and Live Well Crawford County, have been working to improve pedestrian safety and active transportation throughout Pittsburg. As part of these efforts a Sidewalk and Feasibility Study was completed by Olsson Engineering in January of 2019. This study reviewed the various paths in and around the North Medical District Kansas to connect the various facilities such as Community Health Center of Southeast to each other as well as to the surrounding community.

Live Well Crawford County has access of up to one hundred thousand dollars (\$100,000) for Resident/Community Well-Being through their Pathways to a Healthy Kansas grant. The Executive Committee of Live Well Crawford County has approved that this funding be utilized by the City of Pittsburg for connectivity of the North Medical District.

The passing of Resolution 1223 is the first step in the City being eligible to receive funding. Next steps in this process will include a Memorandum of Understanding with Live Well Crawford County and decisions regarding which route will best serve the citizens, budget, and timeline.

In this regard would you please place an item on the July 9, 2019 City Commission Agenda. Staff is requesting adoption of Resolution No. 1223 and if approved have the Mayor sign supporting documents.

If you have any questions please do not hesitate to contact Cameron Alden or Kim Vogel.

Please explain your reasons for wishing to serve on this committee and how you feel that you may contribute:

I have always been on the conservation side of things and grew up in the country hiking and fishing a lot. We recycle at home, at our office, and all job related material from the property management business is recycled as much as possible. We striving to live our personal lives as sustainably as possible as well as teaching our children to follow this same path. We donate items instead of throwing them away, repair what can be fixed, encourage natural growers, and try to make our purchases locally to help sustain other small businesses. We've outfitted our office and home with more energy efficient lighting and appliances and have been looking in to wind and solar power as well as water collection systems and wetlands to filter streams.

I'm full of ideas and feel that my background in construction and education would benefit this committee and the community.
