July 26, 2022

Honorable Mayor and City Commission:

I present the City of Pittsburg's 2023 Submitted Budget for your consideration.

This document was created with input from the City Commission and a focus on the Imagine Pittsburg strategic plan, which outlines our city's needs in the areas of housing, economic development, infrastructure, public wellness, education and communication. Additionally, we are focused on the City Commission's goals of maintaining adequate reserves and effectively managing our debt.

While our community continues to grow, it is happening at a time of high inflation. We are thankful and celebrate our economic development successes. The Federal Express distribution center, numerous manufacturing expansions and a continued growth by our commercial and retail partners continues to provide new jobs and opportunities for us all. However, this growth comes with the need to increase our service levels. The number of City employees in the Submitted 2023 Budget increased by four positions to 296.9. The new positions were in basic services - maintenance positions in the Park Department and Street Department, a plant position in the Water Department and another building inspector. Fortunately, since the growth has provided additional revenues, we are able to meet the needs while maintaining a structurally balanced budget going forward.

Like most businesses today, the cost and availability of labor are as challenging as well. Our employees are our most valuable resource at the city. It is tough to hire and retain quality people and although we implemented a new pay plan at the beginning of 2022 focused on hiring and retaining entry level and difficult-to-fill positions, it is daunting to try to keep our pay commensurate with inflation, with the latest reports putting costs at 9% higher than this time last year. The 2023 Submitted Budget contains a two percent cost of living adjustment for full-time employees and a two percent merit increase. We have also enhanced our recruiting and retention efforts to address this challenge.

In addition to labor costs, everything is more expensive. Workers compensation insurance, property and liability insurance, electricity, natural gas and vehicle fuel are all expected to increase by at least three percent. We will continue to look for ways to manage these increasing costs without cutting services the community depends on.

While the national trend is for employer-provided health insurance expenses to significantly increase annually, the 2023 Submitted Budget contains no increase in employer or employee contributions to the City's health insurance plan for the sixth

year in a row. City staff continues to work with providers to maintain and enhance benefits without increasing costs to employees or taxpayers.

The best solution for addressing the rising costs is a strong local economy, and fortunately we have that. The City's 2022 net assessed valuation, which is used to support the 2023 Budget, increased by 6.59 percent over the previous year. With no additional debt planned, the 2023 Submitted Budget recommends no mill levy rate increase. The increase in valuation will offset a portion of the rising operating costs so despite the historically high inflation, we will not need to reduce services.

Our sales tax revenue collections continue to grow. In 2021, sales tax collections were up 11.3 percent compared to 2020. So far in 2022, sales tax collections have continued this growth. As a result, a two percent increase for sales tax collections has been budgeted for in 2023.

The City receives one percent of the gaming revenues from the operation of the Kansas Crossing Casino. In 2021, the City received approximately \$371,420, which was the highest since the Casino opened. The 2023 Submitted Budget is projecting to maintain at this level.

The 2023 Submitted Budget also includes a three percent increase in water and wastewater fees. This is necessary to continue to build reserves to help pay for the construction of the new Wastewater Treatment Plant, as the current plant is over fifty years old and is inadequate to meet increased requirements for nutrient removal and growth. With the help of our state and federal partners we have raised \$9 million from non-local jurisdictions to keep the local cost as low as possible. The new plant is projected to meet our needs for the next fifty years.

In conclusion, the 2023 Submitted Budget reflects the City's effort to address growth while controlling cost. Pittsburg's economy is strong and as a result, we will continue to invest in our workforce, infrastructure and businesses. The 2023 Submitted Budget provides a service level which will continue to improve the quality of life for all of our residents while accommodating the growth that shows no sign of stopping.

The following detailed budget is presented for your consideration.

Thank you for your leadership.

Respectfully,

Daron Hall
City Manager

Resources

RESOURCES

The City of Pittsburg's budgeted resources for 2023 total \$72,253,266. Included in this amount are annual revenues of \$39,774,909, inter-fund transfers in the amount of \$8,691,503 and \$23,786,854 in prior year funds.

2023 RESOURCES \$72,253,266

The City's largest resource is derived from Charges for Services which are generated by user fees for water, wastewater, stormwater, airport, auditorium, and parks and recreation. They account for nineteen percent of all City resources with a total of approximately \$13.8 million. The combination of sales taxes, property taxes and franchise taxes total approximately \$21.3 million and represents thirty percent of all City resources. These taxes pay for administration, public safety, parks and recreation activities, debt service, economic development, public library and a variety of other government services.

Of the prior year carryover funds, approximately \$11.2 million are discretionary and \$12.6 million are restricted for a specific use by the City or by Kansas statutes. Examples of restricted use are the sales taxes for economic development, public safety, streets and capital outlay and the property taxes levied for debt service and the library. These funds are either required to be set aside or can only be spent on a specific purpose.

Transfers which total approximately \$8.7 million represent the movement of money between funds to meet legal obligations and to pay for internal costs between funds.

Charges for Services

Charges for services are consumption-based or user-based fees and will generate approximately \$13.8 million in 2023. They include parks and recreation user fees, auditorium user fees, golf course user fees, airport fuel sales, health insurance plan user fees and the utility user fees for water, wastewater and stormwater. The bulk of this category is derived from the City's utilities. The utility fees pay for the City's utility operations. There is a 3% rate increase in the 2023 Submitted Budget for water and wastewater fees.

Charges for Services

Sales Tax

The City of Pittsburg has a sales tax rate of one and one-half percent. In 2023, the tax is projected to generate approximately \$10.9 million and accounts for fifteen percent of City resources. The City also receives a pro-rated portion of the Crawford County sales tax.

Pittsburg voters approved a perpetual one-half percent sales tax in 1985 of which one-half is dedicated to economic development, one-fourth is dedicated to capital outlay and one-fourth is dedicated to auditorium operations. In 2023, economic development is estimated to receive approximately \$1.17 million and the capital outlay and auditorium are estimated to receive approximately \$0.58 million each.

In 2013, Pittsburg voters approved a one-half percent sales tax to enhance public safety for a period of ten years. This public safety sales tax went into effect on January 1, 2014 and is set to expire on December 31, 2023. It is estimated to generate approximately \$2.56 million in 2022.

In 2020, Pittsburg voters approved combining the two quarter percent sales taxes for streets into an one-half percent sales tax for ten years, which will expire on March 31, 2031. The street sales tax is estimated to generate approximately \$2.56 million in 2023.

Property Tax

The property tax is an ad valorem tax, meaning it is based on the value of real estate or personal property owned. The City determines the level of service for the upcoming year and sets the mill levy rate based upon the Crawford County Clerk's estimated valuation for Pittsburg.

The 2023 Submitted Budget contains no mill levy rate increase. The following table lists the City of Pittsburg's mill levy rate, valuation, tax dollars levied and the change from the previous year. The City's levied tax dollars have increased by \$457,269 due to increase in appraisal value throughout Crawford County.

*Excludes TIF, Neighborhood Revitalization and RHID Areas

When combined with the motor vehicle taxes and prior year delinquent taxes collected, the total 2023 property tax will generate approximately \$8.46 million, which accounts for twelve percent of the City's resources. Historically the City collects between 95% and 96% of the current year taxes that are levied.

Property Taxes

Franchise Tax

Franchise taxes are paid to the City of Pittsburg by utility companies who possess infrastructure within the City's right of way and for the right to provide service within the City. These fees cover the cost of doing business on the City streets, right-of-ways and other property. In 2023, it is estimated the City will collect approximately \$1.92 million. The 2023 franchise taxes account for approximately three percent of City resources.

Franchise Tax

Municipal Court Fines

In 2023, these fines are estimated to generate approximately \$255,000.

Municipal Court Fines

Gaming Revenue

The Kansas Crossing Casino opened in April of 2017 and the City receives 1% of the gaming revenues generated by the casino plus property taxes and utility charges for service. The 2023 Submitted Budget is projecting \$375,000.

Debt Service

This page left intentionally blank.

Effective financial management includes analyzing several funding mechanisms to determine what option is most beneficial to the City. In some cases, issuing debt is the best available option. The City of Pittsburgh traditionally uses debt to pay for equipment and capital improvements that cost too much to pay from the operating budget. The revenues used for paying debt service come from the following sources:

- Property Taxes
- Charges for Services
- Special Assessments
- Investment Income
- Transfers
- Other

Bond Rating

The City's bond rating was reaffirmed at AA- in April of 2022 when the Standard & Poor's Rating Service evaluated the City's Bond Note 2022-A. Some of the criteria used to determine the rating is as follows:

- Budgetary flexibility
- Management conditions/ strength of policies
- Liquidity
- Economy
- Budgetary performance
- Debt and contingent liabilities

Standard & Poor's determined that the City's budgetary flexibility is very strong, and that management conditions are very strong with good financial practices; strong debt management and investment policies; as well as, the implementation of the long-term financial plan. Standard & Poor's also considered the City's liquidity to be very strong. The City's budgetary performance was considered to be strong.

Debt Service

Municipalities borrow funds for a variety of reasons and have numerous financing tools at their discretion. Money should be borrowed based on an adopted set of policies periodically reviewed by the Governing Body. In Pittsburg, the main reason for borrowing is to perform important capital improvements which are usually expensive and difficult to pay for from the annual operating budget.

The City of Pittsburg makes use of several tools to pay for capital improvements and expensive equipment. The most common is the sale of General Obligation (GO) bonds. These are municipal bonds for which the City pledges to use all revenues at its disposal to pay bondholders, including the raising of property taxes. In 2023, Pittsburg will dedicate 8.025 mills of the property tax to pay for debt service on GO bonds. The chart below represents the City's outstanding debt as of 2022 including both principal and interest. GO bonds comprise thirty-nine percent of the City's debt.

Pittsburg 1-1-2022 Outstanding Debt \$30,431,057

A utility revenue bond is a special type of municipal bond. Instead of dedicating a tax, these are repaid solely from revenues generated by a specified revenue-generating entity associated with the purpose of the bonds. The City does not generally utilize revenue bonds as they require additional reserves dedicated to the bonds being issued and generally have higher interest costs.

Instead of revenue bonds, the City issues utility GO bonds and pledges revenues from the City's utility to repay the debt. In 2022, these bonds comprise fifteen percent of the City's outstanding debt. The bonds were issued to finance improvements to the water and sewer utility infrastructure.

State statute limits the amount of GO bonds issued to thirty percent of a municipality's assessed valuation. According to that formula, the City of Pittsburg could carry approximately \$46.4 million in GO debt. Currently, the City carries \$14.6 million.

The State Revolving Loan Fund provides low interest loans for utility water and wastewater improvements. The critical nature of these improvements and high cost make this a widely utilized State program, providing an alternative to communities that might otherwise have difficulty finding an affordable option. The City of Pittsburg's current balance of \$2.8 million represents nine percent of the City's outstanding debt and funded improvements to the Wastewater Treatment Plant, improvements to the Water Treatment Plant, and rehabilitation of our sanitary sewer system. Approximately \$363,791 is paid annually on these loans.

Pittsburg also utilizes benefit districts to pay for public improvements. Under this approach, the City issues bonds for construction of public improvements. The bonds are then retired with tax revenues generated within the benefit district. Two benefit districts were authorized for the North Broadway Town Center area; a tax increment financing (TIF) and a transportation development district (TDD) were created to pay for the improvements. The City has no liability to repay the TIF bonds, however if the taxes generated in the TDD are not sufficient to cover the annual debt requirements, the City pledges to use all revenues at its disposal to repay the TDD bonds.

Another type of bonded debt is special assessment bonds. As part of the development agreement for the Kansas Crossing Casino, the City agreed to reimburse Kansas Crossing for the cost of the on-site and off-site utility improvements. The City issued special assessment bonds in October 2016 to fund the reimbursement. These bonds are being repaid with special assessments against the Casino property while the utility assets are owned and maintained by the City.

Capital leases are used to supply the City with expensive equipment that otherwise would not be affordable with an outright purchase. This provides equipment to perform City services and keeps the fleet in operation with lower maintenance downtime. Capital leases are paid from Sales Tax Capital Outlay and operating funds.

Annual Debt Service

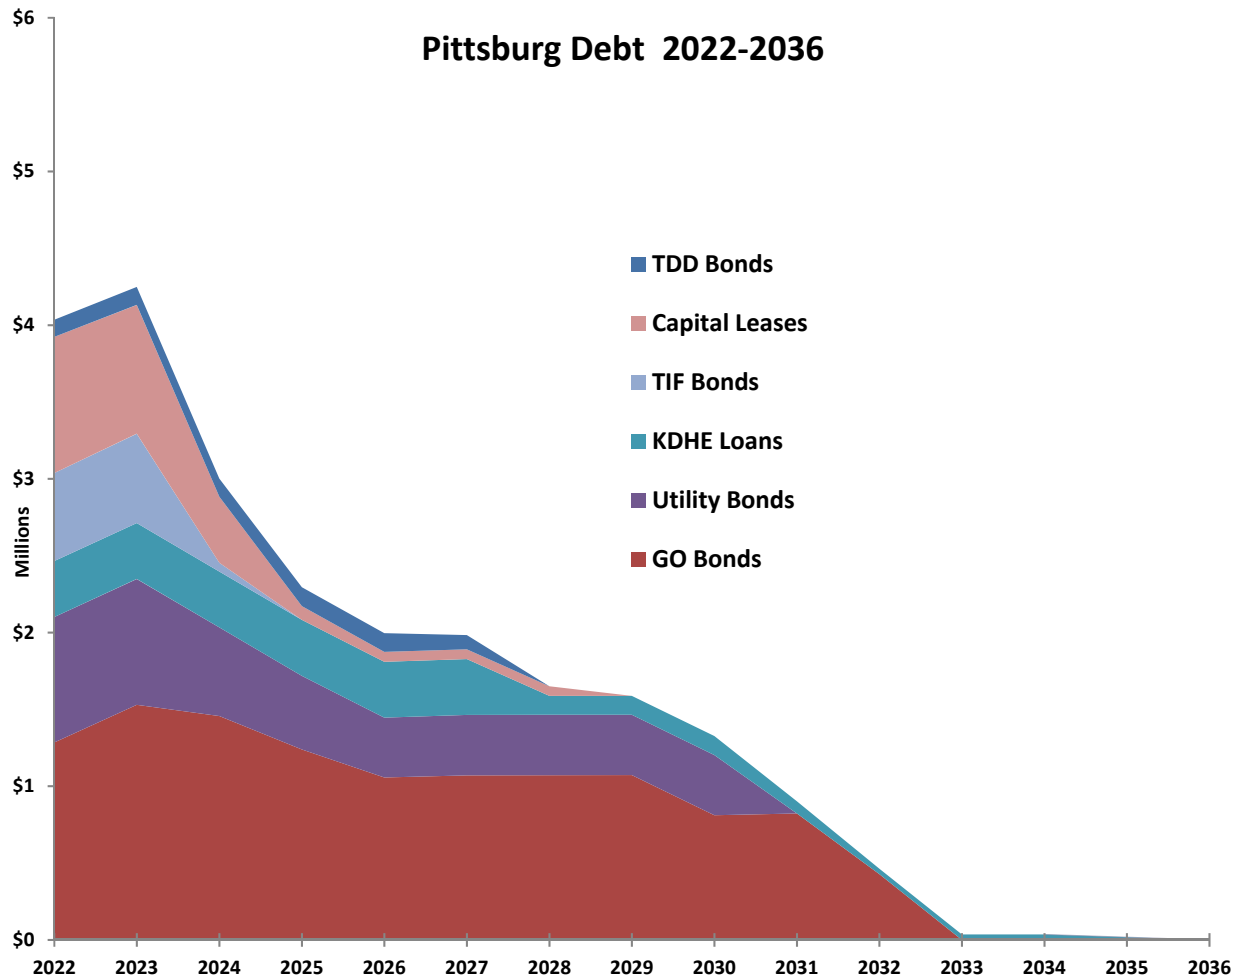

The following table provides a summary of the City's annual debt service requirements (principal and interest) on current debt obligations from 2022 through the final year of debt retirement special assessment bonds and capital leases.

Division: Water Treatment

The Water Treatment Plant has a design capacity of 3.5 million gallons per day with a peaking factor of twice the average day. The City's water storage system has three water towers and one basin. The plant pumps raw water from four deep wells, which have a capacity of 11.0 million gallons per day and current annual water rights of 4.27 million gallons per day. This capacity gives the plant ample supply to furnish water for domestic, commercial, industrial and agricultural use in the daily production of potable water for the City of Pittsburg and the potential to service a regional area.
