FINANCE AND ADMINISTRATION

(620) 231-4100 www.pittks.org

201 West 4th Street · Pittsburg KS 66762

June 5, 2023

To the Honorable Mayor, Members of the City Commission and the Citizens of Pittsburg:

This document is the Annual Comprehensive Financial Report (ACFR) of the City of Pittsburg (the City) for the fiscal year ended December 31, 2022. The report was prepared by the City's Department of Finance. Responsibility for both the accuracy of the presented data and the completeness and fairness of presentation, including all disclosures, rests with the management of the City. We believe the report, as presented, is accurate in all material respects. We also believe it is presented in a manner designed to set forth the financial position and results of operations of the City as measured by the financial activity of its various funds. Finally, we believe that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included.

Management of the City is responsible for establishing and maintaining an internal control structure to ensure that the assets of the City are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state awards, the City is also responsible for establishing and maintaining an adequate internal control structure to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluations by management and the independent auditor.

Kansas Statute Annotated 75-1122 requires an annual audit of the books of account, financial records and transactions of all departments of the City by independent certified public accountants. The accounting firm of BT & Co, P.A. was selected by the City Commission to audit the records of the City for the year ended December 31, 2022. The independent auditor's report is included in the financial section of this report. The independent auditor's reports that relate specifically to the single audit requirements are included in the single audit section.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Profile of the City of Pittsburg

The City of Pittsburg was incorporated in 1880 and is the largest city in southeast Kansas. The official population per the 2020 census is 19,918. The most recent census estimate has the population at 20,810. The City is located approximately 5 miles west of the Missouri border and 40 miles north of the Oklahoma border. The City of Pittsburg is empowered to levy a property tax on both real and personal property located within its boundaries. The City's current incorporated area is 13.1 square miles.

The City of Pittsburg has operated under the commission-manager form of government since 1949. Policy-making and legislative authority are vested in a governing commission consisting of the mayor and 4 commission members, all elected at large and on a non-partisan basis. The commission appoints the government's manager, which in turn appoints the heads of the various departments. The mayor is selected each year by the commissioners themselves and serves a one year term.

The City provides its citizens with a full range of services which include police and fire protection, construction and maintenance of its streets and highways, community development and planning, water, wastewater and stormwater utility services, municipal airport, municipal auditorium and parks and recreational activities.

The annual budget provides a foundation for the City's financial planning and control. Per Kansas statute the following year's adopted annual budget must be submitted to the State of Kansas by the end of August of the current year. The City Commission is also required by Kansas statute to hold a public hearing to discuss the budget prior to adoption. The budget is prepared by fund, function (e.g., public safety) and department (e.g., police). Budget to actual comparisons are provided in this report.

The activities of the Pittsburg Public Library are presented as a component unit of the City. The City Commission has appointive authority of the Library Board and its annual operating budget is also subject to the approval of the City Commission.

Factors Affecting Financial Condition

The information presented in the financial statements is best understood when it is considered from the specific environment within which the City operates.

Local economy. The local economy is varied and diverse with the City's principal employers comprised of education, medical, manufacturing and retail. For a list of major employers, refer to page 115 in the statistical section. The area is also served by several financial institutions and insurance companies. Pittsburg State University is the area's major economic presence with a current enrollment of approximately 5,858 students.

Comparing 2022 tax receipts to the prior fiscal year, retail sales tax receipts increased by 13.18%, property tax receipts were up increasing by 2.11% and franchise tax receipts increased 21.48%. The 2021 property valuation assessments to support the 2022 budget increased by 6.61%.

The Pittsburg micro-area (Crawford County) unemployment rate increased slightly from 2.1 percent in November 2021 to 2.7 percent in November 2022.

Long-term financial planning. The City utilizes a five year financial forecast and plan. Three prior year actuals, the current year estimated and four future years are projected in the forecast. This allows for better budget planning and data based decision making.

The City also uses a five year Capital Improvements Program (CIP) to plan for future capital expenditures. The CIP outlines by fiscal year the details of the City's capital projects and equipment needs. It also specifies the projected funding sources for these future periods.

The City utilizes the following funding sources to meet the CIP needs: bond anticipation notes, general obligation bonds, capital leases, low interest loans provided by the Kansas Department of Health and Environment (KDHE), utility operating funds, one fourth of the City's one half percent general sales tax revenue, the special street improvement sales tax, the City's public safety sales tax and federal and state grant awards.

Major initiatives for the year. Initiation and substantial work completed on road widening and improvement on East Quincy Street between Joplin and Rouse. This project consisted of the removal of the existing roadway, the construction of the new roadway, relocating the water lines, pouring new concrete sidewalks, installing new storm sewer, grading and erosion control.

Major utility projects completed for 2022 include the Waste Water Treatment Plant design.

The City Hall exterior entrance and accessibility improvements were substantially completed in 2022.

Major initiatives for the future. The City will be constructing a new wastewater treatment plant scheduled to begin in 2024. The Fire department has plans to purchase a new ladder truck and the Parks department will be remodeling the miniature golf course and installing lighting at the driving range both located at Four Oaks Golf course.

Awards and acknowledgments

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its ACFR for the fiscal year ended December 31, 2021. This was the twenty-sixth consecutive year that the City has received this prestigious award.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report, whose contents conform to program standards. The ACFR must satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements. We believe our current ACFR continues to meet the Certificate of Achievement Program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the ACFR was truly a team effort and was made possible by the dedicated efforts of the entire staff of the Department of Finance. In closing, credit must also be given to the Mayor and the City Commission for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Pittsburg's finances. We look forward to the challenges and opportunities of the future.

Respectfully submitted,

Dura Hall

INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and City Commissioners City of Pittsburg, Kansas

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pittsburg, Kansas (the City), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the general fund and the street and highway fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the City implemented Governmental Accounting Standards Board Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The statements and schedules listed under supplementary information in the accompanying table of contents, including the schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 5, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

BT+ Co., P.A.

June 5, 2023 Topeka, Kansas

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Pittsburg (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2022. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-iv of this report. All amounts, unless otherwise indicated, are expressed in whole dollars.

Financial Highlights

- The City earned \$12,189,555 from sales tax for fiscal year 2022, an increase of 13.18% over the prior fiscal year.
- The assets of the City exceeded its liabilities at the close of 2022 by \$105,204,707. Of this amount, \$13,700,620 is unrestricted in use.
- At the close of 2022, the City's general fund reports an ending fund balance of \$13,660,142 which is an increase of \$3,153,967 compared to the prior fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business. The objective is to improve financial reporting by clarifying the appropriate use of the financial statement elements to ensure consistency in financial reporting.

The statement of net position presents information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The governmental activities of the City include general government, public safety, public works, sanitation and health, culture and recreation, industrial promotion and social welfare. The business-type activities of the City include water, wastewater and stormwater utilities.

The government-wide financial statements not only include the City itself (known as the primary government), but also a legally separate Library for which the City is financially accountable. Financial information presented for this component unit is reported separately from the financial information presented for the primary government itself. The government-wide financial statements can be found on pages 17-19 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains nineteen individual governmental funds. Major fund information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, street and highway fund, revolving loan fund, American rescue plan fund, capital projects, and the debt service fund. Data from the other thirteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 20-29 of this report.

The City maintains two proprietary funds. These funds are presented as business-type activities in the government-wide financial statements. The City's proprietary funds are used to account for its Water/Wastewater operations and the Stormwater operation. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The proprietary fund financial statements provide information for the water and wastewater operation and the stormwater operation which are considered to be major funds of the City. The basic proprietary fund financial statements can be found on pages 30-34 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 35-75 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City of Pittsburg's progress in funding its obligation to provide pension and post-employment benefits to its employees. This required supplementary information can be found on pages 76-79.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the notes to basic financial statements. These combining and individual funds statements can be found on pages 81-84 of this report.

Requests for Information

This financial report is intended to give the reader a general overview of the City's finances. Questions about information contained in this report or requests for additional information should be directed to the Director of Finance or the Deputy Director of Finance, 201 W. 4th Street, Pittsburg, KS 66762.

The accounting and financial reporting for pensions has an impact on deferred outflows of resources, deferred inflows of resources and the non-current liability. The City's net pension liability is \$16,499,855 as of December 31, 2022. This liability impacts the unrestricted net position of the City. For more information on the City's pensions and other post-employment benefits see pages 60-72 in the Notes to the Basic Financial Statements.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$105,204,707 at the close of the 2022 fiscal year. Capital assets (land, buildings, machinery, equipment and infrastructure) represent 71.59% of the City's net position less any outstanding debt used to acquire the assets.

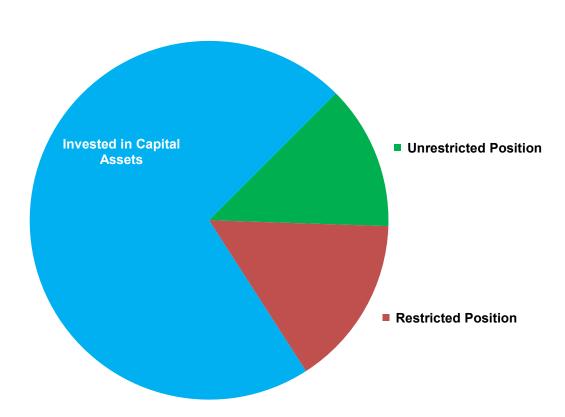

The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At December 31, 2022 restricted funds total \$16,190,281 or 15.39% of the City's net position and represent resources that are subject to external restrictions on how they may be used.

Unrestricted net position balance of \$13,700,620 or 13.02% may be used to meet the City's ongoing obligations to citizens and creditors without outside restrictions.

The pie chart below reflects the composition of the primary government's net position.

	_			*			

This section will provide a brief discussion and analysis of the major changes in the City's revenue sources and costs for services.

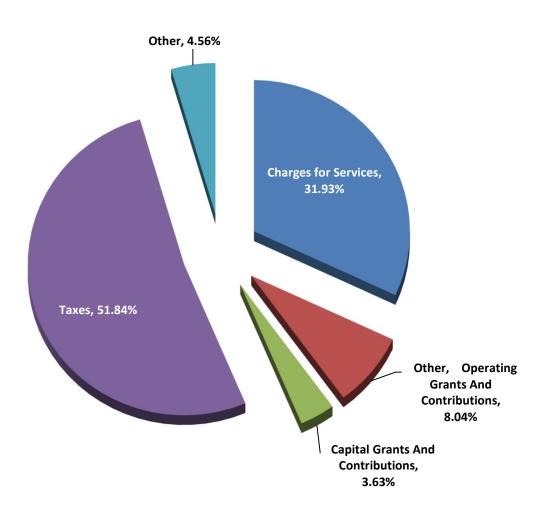

Governmental activities comprised 75.68% of the total revenues generated by the City and 75.76% of the City's expenses. Comparing 2022 to 2021, tax revenues increased by 10.02%; this is due to an increase in sales tax collections, property tax collections, and franchise tax collections.

The governmental capital grants and contributions increased by 34.19% in 2022 compared to 2021.

The governmental activities total expenses increased \$2,978,021 when comparing 2022 to 2021.

The following pie chart shows the composition of the 2022 primary government revenues.

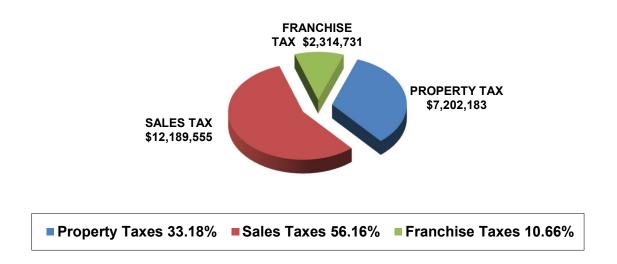

2022 Revenues by Source

The components of the City's taxes are property tax, sales tax and franchise tax. Total tax revenues were \$21,706,469 in 2022 with sales tax being the City's largest tax revenue source.

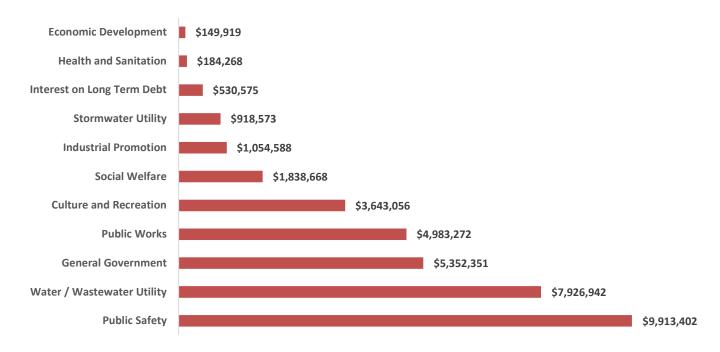

The pie chart below depicts the City's tax revenues by source.

2022 Taxes by Type

The following bar graph shows the composition of the 2022 primary government expenses.

2022 Cost of City Services

The City's public safety and water/wastewater utility activities are the dominant expense categories. These two activities account for 48.88% of the total cost of City services for 2022. The total cost of services of the City's primary government for 2022 is \$36,495,614. This represents an increase of \$4,761,270 (15.00%) compared to 2021. The portion of these services paid by the City's taxpayers is \$18,238,459 (49.97%).

The City's mill levy rate remained relatively flat due to the City Commission's desire to not raise the mill levy rate in 2022. The table below reflects the changes in the City's mill levy for the past two fiscal periods.

City of Pittsburg's Mill Levy Rates

	2020 Levy To support 2021 Budget	2021 Levy To support 2022 Budget	Increase/ (Decrease) <u>over prior year</u>	% <u>Change</u>	
General Fund Debt Service Fund Component Unit	\$ 37.403 8.000 <u>6.072</u>	\$ 37.520 8.025 6.091	\$ 0.117 0.025 0.019	0.3 % 0.3 % 0.3 %	
Total Mill Levy	\$ 51.475	\$ 51.636	<u>\$ 0.161</u>	0.3 %	

The table below reflects the changes in the City's assessed valuation for the past two fiscal periods.

City of Pittsburg's Assessed Valuation

	2020 Valuation To support <u>2021 Budget</u>	2021 Valuation To support <u>2022 Budget</u>	Increase/ (Decrease) <u>over prior year</u>	% <u>Change</u>
Real Property	\$127,003,870	\$136,592,082	\$9,588,212	7.55 %
Personal Property	3,511,631	2,876,456	(635,175)	(18.09)%
State Assessed	8,389,915	8,655,128	265,213	3.16 %
Total	\$138,905,416	\$148,123,666	\$ 9,218,250	6.64 %

The change in assessed valuation increased significantly when comparing 2022 to 2021.

Analysis of the Fund Financial Statements

Governmental Funds

The City's governmental funds ending fund balances increased a total of \$4,281,145 from the prior year. The general fund increased its fund balance by \$3,153,967 primarily due to a sharp increase in property tax valuation over the prior year and an increase in realized gains received on investments. The street and highway fund balance increased by \$1,228,722 in 2022, primarily due to a decrease in actual capital outlay expenditures. The revolving loan fund increased by \$1,933,042 in 2022 due to the increase in tax revenue. In 2022 the American Rescue fund balance had no change remaining at zero. The 2022 capital projects fund decreased by \$2,193,562 due to the increase in capital projects. Lastly, the debt service fund ending balance increased by \$379,378, primarily due to increased investment income and other financing sources transfers coupled with increased scheduled debt service payments.

Compared to 2021 the total governmental fund revenues before transfers increased by \$3,720,277 while the total governmental fund expenditures before transfers increased by \$6,259,960. The increase in expenses is due to the startup and completion of projects that were put on hold during the pandemic.

Before transfers, general fund revenues were up 16% and general fund expenditures were up 9% compared to 2021. The general fund revenues increased due to higher sales tax and franchise tax collections. The general fund expenditures increased due to higher public safety expense and higher public works expense caused by nationwide inflation and lingering effects from the pandemic.

Proprietary Funds

The water and wastewater utility fund had an increase of \$207,189 in cash and cash equivalents for 2022. There was an increase of \$391,161 in current assets and an increase in current liabilities of \$16,677 compared to 2021. These changes contributed to a decrease in unrestricted net position.

The stormwater utility fund had an increase of \$70,748 in cash and cash equivalents for 2022. There was an increase of \$75,390 in current assets and an increase in current liabilities of \$55,299 compared to 2021. These changes contributed to an increase in unrestricted net position.

Utility infrastructure projects completed during 2022 include the Georgia street stormwater project, new water meters, and various sanitary sewer line improvements throughout the City.

General Fund Budgetary Highlights

The following general fund revenue and expenditure categories experienced significant differences between the budgeted amount and the actual amount. A brief explanation of the differences is included.

CATEGORY	EXPLANATION
General government	The general government expenditures are under budget due to lower than expected group hospitalization health claims expense.
Culture and Recreation	Culture and Recreation expenditures are under budget due to Memorial Auditorium expenditures being less than anticipated.
Public Works	Public Works expenditures are over budget due to an increase in airport traffic that lead to purchase of more fuel for the airplanes.
Public Safety	Public Safety expenditures are under budget due to police patrol and fire personnel not being fully staffed during the year.

Capital Asset and Debt Administration

Capital Assets

The total investment in capital assets for the primary government at December 31, 2022 was \$102,068,251, net of accumulated depreciation. The net capital assets decreased by 0.32% from the 2021 total.

The following table categorizes the City's capital asset balances by type of asset.

City of Pittsburg's Capital Assets (net of depreciation)

	Governi	mental	Business-T	ype

For additional information on capital assets, please refer in the notes to the basic financial statements on pages 49-51.

Debt Administration

The following table reflects the City's outstanding long-term debt for the past two fiscal periods.

City of Pittsburg's Outstanding Debt

		rnmental :ivities	Business Activit	, ,
	2021	2022	2021	2022
General Obligation Bonds	\$ 6,834,545	\$ 9,341,465	\$ 4,120,455	\$ 3,423,535
Special Assessment Bonds	5,430,000	5,150,000	-	-
K.D.H.E. Construction Loans	-	-	3,535,342	3,864,550
Tax Increment Bonds (TIF)	1,150,000	460,000	-	-
Transportation Development District Bonds (TDD)	595,000	475,000	-	-
Notes Payable	1,424,233	876,627	480,602	137,668
Lease Obligations	-	2,422,225	-	148,718
Total	\$ 15,433,778	\$18,725,317	\$ 8,136,399	\$ 7,574,471

The City finances capital projects in a variety of ways: bond anticipation notes, general obligation bonds, special revenue bonds, intergovernmental grants and Kansas Department of Health and Environment (KDHE) loans. The City's most recent general obligation bonds are rated AA- by Standard and Poor's Ratings Services. Kansas State Statutes limit the amount of general obligation bonds a City can issue to 30% of its equalized tangible valuation. The current limitation for the City is \$46,539,476 which is significantly higher than the general obligation bond outstanding debt.

The City's outstanding general obligation bonds at December 31, 2022, totaled \$12,765,000; of this \$9,341,465 is considered direct tax supported debt.

The special assessment bonds were issued to pay for the utility infrastructure of the Kansas Crossing Casino. The special assessment bond balance was reduced by \$280,000 in 2022. This debt is being repaid solely by the Casino through a special assessment placed upon the property.

No new business-type activity bonded debt was issued in 2022 while \$696,920 was retired in 2022. The remaining KDHE loans are for improvements at the wastewater plant, water treatment plant and collection systems.

The City's lease obligations and notes payable are repaid from dedicated sales tax revenues and business-type activities.

The tax increment finance (TIF) bonds are for improvements to the northeast redevelopment district. These bonds are to be repaid with sales tax and property tax collected within the TIF district only. The transportation development district (TDD) bonds are for infrastructure improvements in the TIF district of the City. The TDD bonds are to be repaid with a special 3/10 percent sales tax in the TIF district only. For additional information on outstanding debt, please refer to note 10 in the notes to basic financial statements on pages 52-60.

CITY OF PITTSBURG, KANSAS RECONCILIATION OF THE BALANCE SHEET OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION December 31, 2022

Total fund balance in Governmental Funds Balance Sheet		\$ 30,883,512
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of capital and leased assets is Accumulated depreciation and amortization is	112,112,234 (59,651,941)	52,460,293
Pension and OPEB contributions are reported as an expense in the funds and as a deferred outflow of resources in the governmental activities in the statement of net position.		4,449,855
Pension and OPEB fundings are reported as a revenue in the funds and as a deferred inflow of resources in the governmental activities in the statement of net position.		(1,216,720)
Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds.		6,107,950
The following liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. These liabilities at year-end consist of:		
Compensated absences	(660,326)	
Total OPEB liability	(917,121)	
Net pension liability	(14,696,785)	
General obligation bonds payable	(9,575,601)	
Special assessment bonds payable	(5,177,452)	
Notes payable - financed purchases	(876,627)	
Lease obligations payable	(2,422,225)	
Revenue bonds payable	(935,000)	
Accrued interest on the bonds	(156,240)	(35,417,377)
Net position of governmental activities		\$ 57,267,513

CITY OF PITTSBURG, KANSAS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

Year Ended December 31, 2022

Net change in fund balances - total governmental funds		\$	4,281,145
Amounts reported for governmental activities in the statement of activities are different because:			
Capital outlays to purchase or build assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation and amortization expenses in the statement of activities. This is the amount by which depreciation and amortization exceeds capital outlay in the period. Capital outlay Depreciation and amortization expense	3,302,781 (3,564,574)		(261,793)
	<u> </u>		, , ,
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.			(435,154)
The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, and donations) is to decrease net position			(244,120)
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources, In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures.			(37,803)
current financial resources and, therefore, are not reported as expenditures in governmental funds.			
Compensated absences Other postemployment benefits Pension Amortization of premiums Amortization of discounts	(9,461) 52,040 (8,607) 34,777 (7,338)		61,411
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position.			2,287,242
Change in net position of governmental activities		\$	5,650,928
Change in her position of governmental activities		_	- ,

1 - <u>Summary of Significant Accounting Policies</u>

Reporting Entity

The City of Pittsburg, Kansas (the City) is a municipal corporation governed under an elected five-member commission. The accompanying basic financial statements present the City (the primary government) and its component unit, an entity for which the City is considered to be financially accountable. The discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the City.

Discretely Presented Component Unit

The Pittsburg Public Library (the Library) is operated by a Library Board which is appointed by the City Commission. The City levies and collects a special library tax to subsidize the Library's operations. The Library's operating budget is subject to the approval of the City Commission. The City must approve acquisition or disposition of real property by the Library, but the Library owns the capital assets. Bond issuances must also be approved by the City. The Library is presented as a governmental fund type. Separately issued financial statements for the Library are not available.

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the primary government and its component unit. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component unit for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash

flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are generally considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. A 90-day availability period is used for revenue recognition for all governmental funds revenues except property taxes for which a 60-day availability period is used. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed requirements. These resources are reflected as revenues at the time of receipt, or earlier if the susceptible to accrual criteria are met.

Property taxes, sales taxes, franchise taxes, interest associated with the current fiscal period, and certain state and federal grants and entitlements are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City. While property taxes receivable are shown on the balance sheet as current assets of the City, they are not recognized as revenue at year end because statutory provisions prohibit their use until the year for which they were levied and budgeted. Instead, they are offset by unavailable revenue accounts.

The City reports the following major governmental funds:

General Fund – The general fund is used to account for all financial resources except those required to be accounted for in another fund.

Street and Highway Fund – The street and highway fund is used to account for the construction, reconstruction, alteration, repair and maintenance of the streets and highways of the City and for payment of bonds and interest associated with street and highway projects. Financing is through motor vehicle tax receipts distributed to cities from the State of Kansas and from transfers from the City's General Fund.

Revolving Loans Fund – The revolving loans fund is used to account for revolving loan proceeds involving various revenue sources including local sales tax proceeds utilized for industrial development purposes, revolving funds from rental rehabilitation grants, and revolving funds received from industrial development grants.

American Rescue Plan Fund – The American rescue plan fund is used to account for American Rescue Plan Act (ARPA) monies distributed by the State of Kansas to address medical or public health needs related to the pandemic.

Capital Projects Fund – The capital projects fund is used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

Debt Service Fund – The debt service fund is used to account for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The City reports the following major proprietary funds:

Water/Wastewater Fund – The water/wastewater fund is used to account for the operation and maintenance activities of the City's water and wastewater collection and treatment systems.

Stormwater Fund – The stormwater fund is used to account for the operation and maintenance activities of the City's stormwater utility.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and wastewater function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water/wastewater fund and the stormwater fund are charges to customers for sales and services. Operating expenses for the water/wastewater fund and the stormwater fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash and Investments

In accordance with the City's formal investment policy adopted by the governing body, the City may form a pool that is managed by the Director of Finance. Each fund's equity in the pool is included in cash and cash equivalents in the financial statements. These pooled investments consist of operating accounts and nonnegotiable certificates of deposit that are recorded at cost because they are not affected by market rate changes. Investment earnings, including interest income, are allocated to the funds required to accumulate interest; other investment earnings are allocated based on management discretion and upon their average daily equity balances. If a fund is not required to account for its own earnings by law or regulation, the earnings are allocated to the General Fund. For the fiscal year ended December 31, 2022, interest earnings allocated to the various funds were \$ 327,772.

The investments consist of money market mutual funds, which are recorded at fair value.

Cash Flows Statement

For purposes of the cash flows statement, the City considers deposits and highly liquid investments with an original maturity of three months or less to be cash equivalents.

Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade accounts receivable are shown net of an allowance for uncollectibles. Management records an allowance equal to 5% of the trade accounts receivable.

Governmental funds report unavailable revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the governmental funds unavailable revenue is reported as follows:

General fund property taxes receivable	\$ 5,373,171
Debt service fund property taxes receivable	1,149,246
Debt service fund special assessments receivable	6,107,950
General fund leases receivable	293,121
Revolving loans fund leases receivable	 234,493
	 _
	\$ 13,157,981

Property Taxes

The City's property taxes are levied each year on the assessed value of all real estate listed as of the prior January 1, the lien date. Assessed values are established by Crawford County. The assessed value upon which the 2022 levy was based was \$ 134,352,548.

Property taxes are legally restricted for use in financing operations of the ensuing year. Accordingly, the City defers revenue recognition until the year for which they are to be used. Property taxes are levied on November 1. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. Property taxes become delinquent on December 20 of each fiscal year if the taxpayer has not remitted at least one-half of the amount due. The 2022 tax levy per \$ 1,000 of assessed valuation was as follows:

General Fund	\$ 37.520
Debt Service Fund	8.025
Component unit:	
Library	 6.091
	\$ 51.636

Special Assessments Receivable

As required by State statutes, projects financed in part by special assessments are financed through the issuance of general obligation bonds which are secured by the full faith and credit of the City. Further, State statutes permit levying additional general ad valorem property taxes in the City's debt service fund to finance delinquent special assessments receivable. Accordingly, special assessments receivable are accounted for within the City's debt service fund. Special assessment taxes are levied over a ten or twenty-year period and the annual installments are due and payable with annual ad valorem property taxes. At December 31, the special assessment taxes levied are a lien on the property and are recorded as special assessments receivable in the debt service fund and accrued as revenues in the statement of activities. Since they are not considered available spendable resources for the governmental funds, the special assessment receivables are reported as unavailable revenue in the fund financial statements.

Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items of governmental funds are recorded as expenditures when consumed rather than when purchased.

Restricted Assets

The State of Kansas requires the City to maintain customer utility deposits separate from City assets. Interest earned is credited back to customers as required by State statutes. Restricted investments are set aside for debt service payments and for required debt reserves.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, curbs and gutters, sidewalks and similar items) and construction in progress are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial individual cost of more than \$ 1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in service concession arrangements are recorded at acquisition value.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life are the asset are not capitalized.

Property, plant and equipment of the primary government, as well as the component unit, is depreciated using the straight-line method over the following estimated useful lives:

Buildings and improvements	20-50 years
Office equipment	3-10 years
Machinery and equipment	3-10 years
Water and sewer treatment plants	50 years
Water and sewer mains	50 years
Infrastructure	15 - 100 years

Deferred Outflow/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred outflows for pension and OPEB in the government-wide and proprietary funds statements of net position. See Note 12 and Note 13 for more information on the deferred outflows for the pension and OPEB plans, respectively.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has several items that qualify for reporting in this category. Three items are reported in the governmental funds balance sheet and the governmental activities in the government-wide statement of net position. The governmental funds report deferred inflows from property taxes, special assessments and leases receivable. Governmental activities report deferred inflows only from property taxes and leases receivable. The final two items, *deferred inflows for pension* and *deferred inflows for OPEB*, are reported in the government-wide and proprietary funds statements of net position. See Note 12 and Note 13 for more information on the deferred inflows for the pension and OPEB plans, respectively.

Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Leases

The City is a party as lessor and lessee for various noncancellable long-term leases. The corresponding lease receivable or lease obligation payable are recorded in an amount equal to the present value of the expected future minimum lease payments received or paid, respectively, discounted by an applicable interest rate.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of KPERS and additions to/deductions from KPERS's fiduciary net position have been determined on the same basis as they are reported by KPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fund Balances

As prescribed by GASB Statement No. 54, governmental funds report fund balance classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of December 31, 2022, fund balances for governmental funds are made up of the following:

Nonspendable fund balance – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.

Restricted fund balance – includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

Committed fund balance – includes amounts that can only be used for specific purposes determined by a formal action (resolution) of the City's highest level of decision-making authority, the City Commission. Commitments may be changed or lifted only by the City Commission taking the same formal action, that imposed the constraint originally (resolution).

Assigned fund balance – includes amounts intended to be used by the City for specific purposes that are neither restricted nor committed. Intent is expressed by (1) the City Commission or (2) the City Manager to which the City Commission has delegated the authority to assign amounts to be used for specific purposes. The authority for management to assign fund balance is provided by the City's purchasing policy.

Unassigned fund balance – is the residual classification for the General Fund and includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

Net Position

The City's net position is classified as follows:

Net investment in capital assets – This represents the City's total investment in capital assets, net of accumulated depreciation and related debt.

Restricted net position – This includes resources that are legally or contractually obligated to be spent in accordance with restrictions imposed by external third parties.

Unrestricted net position – This includes resources derived from charges for services, property taxes, state appropriations and interest. The resources are used for transactions relating to the general operations of the City and may be used to meet current expenses in accordance with approved budgets.

Concentrations of Credit Risk

Loans are extended, on a fully secured basis, to local industries under the revolving economic development loan program. Credit is extended to citizens for special assessments levied by the City for capital improvements. These special assessments are secured by liens on the related properties. Unsecured credit is extended to customers for water, sewer and refuse fees and charges for services.

Intergovernmental receivables include unsecured amounts due from federal, state and county agencies for various grant programs.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Adoption of New Accounting Standard

During the year, the City adopted the following accounting standard:

GASB Statement No. 87, *Leases* – This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. This Statement resulted in the reclassification of certain capital leases as financed purchases and reporting certain lease receivables, lease obligations, and leased assets, along with deferred inflows of resources and accumulated amortization. Beginning net position was decreased by \$1,040,644 in governmental activities and \$15,666 in business-type activities to reclassify the City's lease activity in accordance with the new standard.

Pending Governmental Accounting Standards Board Statements

At December 31, 2022, the Governmental Accounting Standards Board (GASB) had issued several statements not yet implemented by the City. The statements that might impact the City are as follows:

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, provides guidance for the financial reporting of public-private and public-public partnerships and availability payment arrangements. The requirements of this statement are effective for periods beginning after June 15, 2022.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements, provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this statement are effective for periods beginning after June 15, 2022.

GASB Statement No. 99, *Omnibus 2022*, has objectives that are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance by the City. The requirements related to leases, PPPs, and SBITAs will be effective for the City in the fiscal year ending June 30, 2023. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 will become effective for the City in the fiscal year ended June 30, 2024.

GASB Statement No. 100, Accounting Changes and Error Corrections, has an objective to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement will become effective for the City in the fiscal year ended June 30, 2024.

GASB Statement No. 101, *Compensated Absences*, has an objective to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for the City in the fiscal year ended June 30, 2025.

2 - Reconciliation of Government-Wide and Fund Financial Statements

Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-Wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position." The details of this \$ 2,287,242 difference are as follows:

Debt issued or incurred:	
General obligation bonds	\$ (3,625,000)
General obligation bonds - premium	(81,931)
Notes payable - financed purchases	(581,195)
Principal repayments:	
General obligation bonds	1,398,080
Bond anticipation notes payable	3,590,000
Notes payable - financed purchases	341,774
Lease obligations payable	435,514
Revenue bonds	 810,000
Net adjustment to increase net change in fund balances - total governmental funds to arrive at change in net position of governmental activities	\$ 2,287,242

3 - <u>Stewardship, Compliance and Accountability</u>

Budgetary Information

The City is required by State statute to legally adopt annual operating budgets for all funds unless exempted by a specific statute. The City has legally adopted annual budgets for the general fund, the debt service fund, the street and highway fund, the special alcohol and drug fund, the special parks and recreation fund, and the Section 8 fund. Budgets were not prepared for the Community Development Block Grant fund, the capital projects fund, the CDBG TBRA Grants fund, the Demolition fund, the MIH Grants fund, the Land Bank fund, the PHA/Presbyterian Church Housing fund, the Northgate CID fund, the revolving loans fund, the COVID Spark Funds fund, the Opioid Settlement Fund, the RHID Districts Fund, and the American Rescue Plan Fund.

The statutes provide for the following sequence and timetable in adoption of budgets:

- 1. Preparation of the proposed budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

If the City is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget is adjusted to on or before September 20th. The City did hold a revenue neutral rate hearing for fiscal year 2022.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. This process requires a notice of public hearing to amend the budget to be published in a local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. During 2022, the City amended the budget for the Special Parks and Recreation Fund.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Management has the authority to revise departmental budgets within a fund; however, the City Commission must approve changes to the appropriations at the fund level.

All budgets are prepared utilizing the cash basis further modified by the encumbrance method of accounting – that is, commitments such as purchase orders and contracts, in addition to disbursements and accounts payable, are recorded as expenditures. Any unused budgeted expenditure authority lapses at the end of the year. Encumbered appropriations are not re-appropriated in the ensuing year's budget but are carried forward until liquidated or canceled.

Controls over spending in funds which are not subject to legal budgets are maintained by other statutes or by using internal spending limits established by management.

4 - <u>Budgetary Basis of Accounting</u>

The General Fund and Street and Highway Fund Statements of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual are presented in accordance with the budget basis to provide a meaningful comparison of actual results with the budget. The following reconciliation is presented to provide a correlation between the different bases of accounting for reporting in accordance with GAAP and for reporting on the budget basis:

	General Fund \$ 3,153,967		Street and Highway Fund		
Net change in fund balances, GAAP basis			\$	1,228,722	
Change in:					
Taxes receivable		(247,056)		(80,641)	
Grants receivable	(235,000)			(8,052)	
Interest receivable	(68,298)			-	
Lease receivable		(4,504)		-	
Inventories		(49,720)		-	
Prepaid items		(9,337)		(1,131)	
Encumbrances		137,322		745,133	
Salaries payable		40,630		8,052	
Health care payable		(2,025)			
Net change in fund balances, non-GAAP basis	\$	2,715,979	\$	1,892,083	

A Budget and Actual Statement was not prepared for the revolving loans fund or the American Rescue Plan Project fund because those funds are not required to have a legally adopted budget.

5 - Deposits and Investments

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. Kansas statutes require that deposits be collateralized, and that collateral pledged must have a fair value equal to 100% of the deposits and investments, less insured amounts, and must be assigned for the benefit of the City.

The City maintains a cash and investment pool that is available for use by all funds. Each fund's portion of this pool is included in cash and investments on the balance sheet. At December 31, 2022, the City's carrying amount of deposits, including certificates of deposit, was not exposed to custodial credit risk.

The carrying amount of deposits for the Library, a discretely presented component unit, was not exposed to custodial credit risk.

<u>Investments</u>

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of December 31, 2022, the City had the following investments:

				Investmen					
Level 1 Investment	F	air Value		Less Than 1		1-5	6	5-10	Iore an 10
Level i investment		un vuide	111411 1						 111 10
Goldman Sachs Financial Square Government Fund	\$	525,018	\$	525,018	\$	-	\$		\$

The money market investments are composed of U.S. Government securities that are fully collateralized. The City's investments are rated Aaa by Moody's and AAA by Standard & Poor's.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of managing its exposure to fair value losses arising from increasing interest rates, the City has a formally adopted investment policy that limits investment maturities. The policy states that the City must attempt to match investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the City will not invest in securities maturing more than two years from the date of purchase. The City is not exposed to significant interest rate risk.

Credit Risk

Kansas statutes authorize the City and the Library, with certain restrictions, to deposit or invest in temporary notes; no-fund warrants; open accounts, time deposits, and certificates of deposit with allowable financial institutions; U.S. government securities; repurchase agreements; and the Kansas Municipal Investment Pool. The City's investment policy authorizes the purchases of U.S. Treasury securities, certificates of deposit, and temporary notes. The Library held no investments at December 31, 2022.

Concentrations of Credit Risk

State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial Credit Risk-Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At December 31, 2022, the City's investments were not exposed to custodial credit risk.

At December 31, 2022, the City's deposit and investment balances were as follows:

	Carrying Amount					
			omponent			
		City Library				Total
Cash and cash equivalents Restricted cash and cash equivalents	\$	34,277,120 761,674	\$	621,610	\$	34,898,730 761,674
	\$	35,038,794	\$	621,610	\$	35,660,404

6 - Loans Receivable

Loans receivable, aggregating \$ 2,261,707 at December 31, 2022, consist of economic development and rental rehabilitation low interest loans funded through the U.S. Department of Housing and Urban Development's Community Development Block Grant and Rental Rehabilitation Programs, the Presbyterian Church Fund Program and the City's Revolving Loans Fund.

7 - Leases Receivable

The City entered into an 81-month lease as lessor for the use of Tower 101 N. Locust. An initial lease receivable was recorded in the amount of \$ 262,828. As of December 31, 2022, the value of the lease receivable is \$ 228,198. The lessee is required to make monthly fixed payments of \$ 2,959. The lease has an interest rate of 0.9780%. The value of the deferred inflow of resources as of December 31, 2022 was \$ 223,890, and the City recognized lease revenue of \$ 38,937 during the fiscal year. The lessee has 1 extension option for 48 months.

The City entered into a 62-month lease as lessor for the use of Atkinson Airport Hangar - Land. An initial lease receivable was recorded in the amount of \$12,735. As of December 31, 2022, the value of the lease receivable is \$10,299. The lessee is required to make monthly fixed payments of \$209. The lease has an interest rate of 0.6860%. The value of the deferred inflow of resources as of December 31, 2022 was \$10,270, and the City recognized lease revenue of \$2,465 during the fiscal year.

The City entered into a 62-month lease as lessor for the use of Atkinson Airport Hangar - Building. An initial lease receivable was recorded in the amount of \$ 291,920. As of December 31, 2022, the value of the lease receivable is \$ 236,127. The lessee is required to make monthly fixed payments of \$ 4,788. The lease has an interest rate of 0.6860%. The value of the deferred inflow of resources as of December 31, 2022 was \$ 234,493, and the City recognized lease revenue of \$ 57,427 during the fiscal year.

The City entered into a 60-month lease as lessor for use of an antenna collocation. An initial lease receivable was recorded in the amount of \$ 72,311. As of December 31, 2022, the value of the lease receivable is \$ 59,129. The lessee is required to make monthly fixed payments of \$ 1,133. The lease has an interest rate of 0.6860%. The value of the deferred inflow of resources as of December 31, 2022 was \$ 58,961 and the City recognized lease revenue of \$ 13,350 during the fiscal year.

8 - <u>Capital Assets</u>

Capital asset activity for the year ended December 31, 2022 was as follows:

Primary Government	Balance at 12/31/2021	Increase	Decrease	Transfers	Balance at 12/31/2022
Governmental activities:					
Capital assets, not being depreciated:					
Land	\$ 4,767,017	\$ -	\$ (244,120)	\$ -	\$ 4,522,897

Construction Loans Payable

During 2010, the City entered into a loan agreement with the Kansas Department of Health and Environment's Kansas Water Pollution Control Revolving Fund. The agreement enabled the City to borrow \$2,508,311 to finance the improvements to the City's wastewater system. The loan will be repaid over twenty years at an interest rate of 2.83%. The outstanding balance of \$660,185 is shown as a liability in the water/wastewater fund. The future annual debt service requirements for the construction loan payable as of December 31, 2022 are as follows:

Year	 Principal			
2023	\$ 69,737	\$	16,586	
2024	71,725		14,774	
2025	73,769		12,911	
2026	75,871		10,994	
2027	78,033		9,023	
2028 - 2032	 291,050		15,229	
	\$ 660,185	\$	79,517	

During 2006, the City entered into a loan agreement with the Kansas Department of Health and Environment's Kansas Water Pollution Control Revolving Fund. The agreement enabled the City to borrow \$4,447,522 to finance improvements to the wastewater system. The loan will be repaid over twenty years at an interest rate of 2.67%. The outstanding balance of \$1,118,701 is shown as a liability in the water/wastewater fund. The future annual debt service requirements for the construction loan payable as of December 31, 2022 are as follows:

Year	 Principal Principal			
2023	\$ 228,727	\$	27,830	
2024	234,874		22,257	
2025	241,187		16,536

2033 - 2037		85,203		2,757	
	\$	377,875	\$	55,159	

During 2021, the City entered into a loan agreement with the Kansas Department of Health and Environment's Kansas Water Pollution Control Revolving Fund. The agreement enabled the City to borrow \$5,136,830 to finance improvements to the wastewater system. The loan will be repaid over twenty years at an interest rate of 1.30%. As of December 31, 2022, the City has drawn \$1,707,789 on this loan. The outstanding balance of \$1,707,789 is shown as a liability in the water/wastewater fund. The debt service requirements to the maturity date will not be determinable until the final draws have been made.

<u>Transportation Development District Sales Tax Revenue Bonds</u>

In 2006, the City issued Transportation Development District Sales Tax Revenue bonds in the amount of \$1,395,000. The proceeds were used to finance the North Broadway – Pittsburg Town Center Project. A sales tax has been imposed on purchases made within the transportation development district. The sales tax collected has been pledged, in the amount of \$2,359,794, to retire the bonds through the maturity date of April 1, 2027. The percent of the sales tax pledged is 100%.

The 2022 principal and interest for the revenue bonds was \$ 146,520 and the pledged revenues recognized for 2022 were \$ 143,785. The bonds are considered a special, limited obligation of the City secured by a pledge of the sales tax revenues. The bonds are not a general obligation of the City, nor do they go against the City's debt limit.

The future annual requirements for Transportation Development District Sales Tax Revenue bonds outstanding as of December 31, 2022 are as follows:

	 Principal	Interest		Total		
2023	\$ 95,000	\$	24,840	\$	119,840	
2024	100,000		20,160		120,160	
2025	110,000		15,120		125,120	
2026	115,000		9,720		124,720	
2027	 55,000		3,480		58,480	
			_		_	
	\$ 475,000	\$	73,320	\$	548,320	

The bonds are subject to optional redemption provisions starting on April 1, 2016, and on any interest payment date thereafter, at par plus accrued interest. The term bonds maturing on April 1, 2027 are subject to mandatory redemption and payment prior to maturity pursuant to the requirements of a mandatory redemption schedule, at par plus accrued interest.

Special Obligation Tax Increment Revenue Bonds

In 2016, the City issued Special Obligation Tax Increment (TIF) Revenue bonds in the amount of \$6,310,000. The proceeds were used to finance certain redevelopment costs in connection with the North Broadway Redevelopment – Pittsburg Town Center Project. An incremental increase in ad valorem tax revenues and certain sales tax revenues from the redevelopment district will be used to retire the bonds. The property and sales tax collected has been pledged, in the amount of \$9,970,784, to retire the bonds through the maturity date of April 1, 2024. The percent of the sales tax pledged is 100%. The 2022 principal and interest for the revenue bonds was \$733,365 and the pledged revenues recognized for 2022 were \$737,754. The bonds are considered a special, limited obligation of the City, secured by a pledge of and

lien on the incremental increase in ad valorem tax and certain sales tax revenues. The bonds are not a general obligation of the City nor do they go against the City's debt limit.

The future annual requirements for TIF Revenue bonds outstanding as of December 31, 2022 are as follows:

	F	Principal	incipal Interest		Total	
2023	\$	460,000	\$	22,907	\$	482,907

The bonds are subject to optional redemption provisions starting on April 1, 2016 and on any interest payment date thereafter, at par plus accrued interest.

Notes Payable – Financed Purchases

The City entered into various notes payable – financed purchase agreements for the acquisition of certain equipment in the amount of \$2,511,796. The annual debt service requirements to service the outstanding notes payable – financed purchases at December 31, 2022 are as follows:

	Governmen	tal Acti	vities		Business-type Activities

Lease Obligations Payable

The City entered into a 20-month lease as lessee for the use of All Aboard Foundation. An initial lease liability was recorded in the amount of \$ 362,256. As of December 31, 2022, the value of the lease liability is \$ 335,447. The City is required to make monthly fixed payments of \$ 2,448. The lease has an interest rate of 1.272 %. The value of the right to use asset as of December 31, 2022 of \$ 362,256 with accumulated amortization of \$ 31,051 is included in Infrastructure in the capital asset schedule in note 8.

The City entered into a 56-month lease as lessee for the use of Toshiba Copiers. An initial lease liability was recorded in the amount of \$ 72,732. As of December 31, 2022, the value of the lease liability is \$ 60,980. The City is required to make monthly fixed payments of \$ 1,276. The lease has an interest rate of 0.686%. The value of the right to use asset as of December 31, 2022 of \$ 72,732 with accumulated amortization of \$ 15,366 is included with Equipment in the capital asset schedule in note 8. The City has the option to purchase the equipment for \$ 66,425.

The City entered into a 135-month lease as lessee for the use of PSU Indoor Event Facility. An initial lease liability was recorded in the amount of \$2,100,000. As of December 31, 2022, the value of the lease liability

is \$1,579,948. The City is required to make annual fixed payments of \$175,000. The lease has an interest rate of 1.751%. The value of the right to use asset as of December 31, 2022 of \$2,100,000 with accumulated amortization of \$185,567 is included with Infrastructure in the capital asset schedule in note 8.

The City entered into a 25-month lease as lessee for the use of LEC I.T. Equipment. An initial lease liability was recorded in the amount of \$ 494,607. As of December 31, 2022, the value of the lease liability is \$ 249,572. The City is required to make annual fixed payments of \$ 254,191. The lease has an interest rate of 1.8510%. The value of the right to use asset as of December 31, 2022 of \$ 494,607 with accumulated amortization of \$ 356,117 is included with Equipment in the capital asset schedule in note 8.

The City entered into a 28-month lease as lessee for the use of a Front Loader. An initial lease liability was recorded in the amount of \$ 61,029. As of December 31, 2022, the value of the lease liability is \$ 40,497. The City is required to make annual fixed payments of \$ 20,818. The lease has an interest rate of 1.8700%. The value of the right to use asset as of December 31, 2022 of \$ 61,029 with accumulated amortization of \$ 26,155 is included with Equipment in the capital asset schedule in note 8.

The City entered into a 37-month lease as lessee for the use of certain Equipment. An initial lease liability was recorded in the amount of \$ 453,937. As of December 31, 2022, the value of the lease liability is \$ 304,499. The City is required to make annual fixed payments of \$ 155,112. The lease has an interest rate of 1.2500%. The value of the right to use asset as of December 31, 2022 of \$ 453,937 with accumulated amortization of \$ 155,458 is included with Equipment in the capital asset schedule in note 8.

For the governmental activities, compensated absences, net pension and net OPEB liabilities are generally liquidated by the general fund.

Conduit Debt Obligations

From time to time, the City has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance.

Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of December 31, 2022, Industrial Revenue Bonds outstanding had an aggregate principal amount payable of \$16,203,520.

11 - Bond Anticipation Notes Payable

During the prior year, the City issued bond anticipation notes to fund City improvements.

Bond anticipation note activity for the year ended December 31, 2022 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance		
Bond anticipation notes: Governmental activities	\$ 3,590,000	\$ -	\$ 3,590,000	\$ -		

12 - <u>Defined Benefit Pension Plan</u>

General Information About the Pension Plan

Description of Pension Plan. The City participates in a cost-sharing multiple-employer defined benefit pension plan (Pension Plan), as defined in Governmental Accounting Standards Board Statement No. 67, Financial Reporting for Pension Plans. The Pension Plan is administered by the Kansas Public Employees Retirement System (KPERS), a body corporate and an instrumentality of the State of Kansas. KPERS provides pension benefits to the following statewide pension groups under one plan, as provided by K.S.A. 74, article 49:

- Public employees, which includes:
 - State/School employees
 - Local employees
- Police and Firemen
- Judges

Substantially all public employees in Kansas are covered by the Pension Plan. Participation by local political subdivisions is optional, but irrevocable once elected.

Those employees participating in the Pension Plan for the City are included in the Local employees group and the Kansas Police and Firemen group.

KPERS issues an annual comprehensive financial report, which is available on the KPERS website at www.kpers.org.

Benefits Provided. Benefits are established by statute and may only be changed by the Kansas Legislature. Member employees (except police and firemen) with ten or more years of credited service may retire as early as age 55 (police and firemen may be age 50 with 20 years of credited service), with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever an employee's combined age and years of credited service equal 85 points (police and firemen normal retirement ages are age 60 with 15 years of credited service, age 55 with 20 years, age 50 with 25 years, or any age with 36 years of service).

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, member employees may withdraw their contributions from their individual accounts, including interest. Member employees who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Member employees choose one of seven payment options for their monthly retirement benefits. At retirement a member employee may receive a lump-sum payment of up to 50% of the actuarial present value of the member employee's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

The 2012 Legislature made changes affecting new hires, current members and employers. A new KPERS 3 cash balance retirement plan was created for new hires starting January 1, 2015. Normal retirement age for KPERS 3 is 65 with five years of service or 60 with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. K.S.A. 74-4975 establishes the Police and Firemen (KP&F) member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates are determined based on the results of an annual actuarial valuation for each of the three state-wide pension groups. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement groups are funded on an actuarial reserve basis.

For KPERS fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior year contribution rate is 1.2% of total payroll for the KPERS fiscal year ended June 30, 2022.

The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.90% for KPERS and 22.99% for KP&F for the year ended December 31, 2022. Contributions to the Pension Plan from the City were \$ 630,242 for KPERS and \$ 954,576 for KP&F for the year ended December 31, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the City reported a liability of \$ 16,499,855 and the Library reported a liability of \$ 455,232 for their proportionate share of the KPERS collective net pension liability. The collective net pension liability was measured by KPERS as of June 30, 2022, and the total pension liability used to calculate the collective net pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022.

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, KPERS maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer. The City's proportion of the collective net pension liability was based on the ratio of the City's actual contributions to KPERS and KP&F, relative to the total employer and nonemployer contributions of the Local group and Police and Firemen group within KPERS for the KPERS fiscal year ended June 30, 2022. The contributions used exclude contributions made for prior service, excess benefits and irregular payments. At June 30, 2022 the City's proportion for KPERS was .345%, which was an increase of .003% from its proportion measured as of June 30, 2021. At June 30, 2022, the City's proportion for KP&F was .700%, which was the same as its proportion measured as of June 30, 2021.

For the year ended December 31, 2022, the City recognized pension expense of \$825,006 for KPERS and \$1,367,669 for KP&F. The Library's portion of the KPERS pension expense was \$34,273. At December 31, 2022, the City and the Library reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		(City			
		Deferred Outflows of Resources	Iı	Deferred nflows of desources		
Differences between expected and actual experience	\$	670,521	\$	11,299		
Net difference between projected and actual earnings on pension plan investments		-				
Changes in assumptions	2,320,823					
Changes in proportionate share	31,219 423,					
Contributions subsequent to measurement date		756,983		-		
Total	\$	5,014,426	\$	435,123		
	Library					
		Deferred Outflows of	Deferred Inflows of Resources			
		Resources	R	lesources		
Differences between expected and actual experience	\$	Resources 17,318	R	1,008		
Differences between expected and actual experience Net difference between projected and actual earnings on pension plan investments						
Net difference between projected and actual earnings		17,318				
Net difference between projected and actual earnings on pension plan investments		17,318 38,758				
Net difference between projected and actual earnings on pension plan investments Changes in assumptions		17,318 38,758 73,187		1,008 - -		

The \$ 756,983 for the City and the \$ 20,329 for the Library reported as deferred outflows of resources related to pensions resulting from the City's and Library's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	 City	Library		
2023	\$ 1,032,291	\$ 34,027		
2024	969,479	31,992		
2025	453,829	15,442		
2026	1,315,153	41,681		
2027	 51,568	 1,654		
Total	\$ 3,822,320	\$ 124,796		

Actuarial assumptions. The total pension liability for KPERS in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Price inflation	2.75 percent
Salary increases, including price inflation	3.50 to 12.00 percent
Long-term rate of return net of investment expense, and including price inflation	7.00 percent

Mortality rates were based on the RP-2014 Mortality Tables with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study which covered the three-year period ending December 31, 2018. The experience study is dated January 7, 2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. Best estimates of arithmetic real rates of return for each major asset class included in the Pension Plan's target asset allocations as of the most recent experience study, dated January 7, 2020 are summarized in the following table:

Asset Class	Long-Term Target Allocation	Long-Term Expected Rate of Return
U.S. Equities	23.5%	5.20%
Non-U.S. Equities	23.5%	6.40%
Private Equity	8%	9.50%
Private Real Estate	11%	4.45%
Yield Driven	8%	4.70%
Real Return	11%	3.25%
Fixed Income	11%	1.55%
Short-term investments	4%	0.25%
Total	100%	

Discount rate. The discount rate used by KPERS to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the contractually required rate. The Local employers do not necessarily contribute the full actuarial determined rate. Based on legislation first passed in 1993, and subsequent legislation, the employer contribution rates certified by the KPERS Board of Trustees for this group may not increase by more than the statutory cap. The expected KPERS employer statutory contribution was modeled for future years, assuming all actuarial assumptions are met in the future. Employers contribute the full actuarial determined rate for KPERS. Future employer contribution rates were also modeled for KP&F assuming all actuarial assumptions are met in the future. Employers contribute the full actuarial determined rate for KP&F. Based on those assumptions, the Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the collective net pension liability to changes in the discount rate. The following presents the City's and the Library's proportionate share of the collective net pension liability calculated using the discount rate of 7.00%, as well as what the proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

		City								
		6 Decrease (6.00%)	D	viscount Rate (7.00%)	1% Increase (8.00%)					
KPERS KP&F	\$	9,209,603 13,838,347	\$	6,410,996 10,088,859	\$	4,079,350 6,969,069				
Total	\$	23,047,950	\$	16,499,855	\$	11,048,419				
	Library									
		1% Decrease (6.00%)		viscount Rate (7.00%)	-	1% Increase (8.00%)				
KPERS	\$	653,955	\$	455,232	\$	289,666				

Pension plan fiduciary net position. Detailed information about the Pension Plan's fiduciary net position is available in the separately issued KPERS financial report.

13 - Other Postemployment Benefits

Health Insurance

The City offers postemployment health and life insurance to retired employees. The benefits are provided through a single employer defined benefit postemployment healthcare plan (the Plan) administered by the City. Kansas statutes provide that postemployment healthcare benefits be extended to retired employees who have met age and/or service eligibility requirements until the individuals become eligible for Medicare coverage at age 65. The health insurance benefit provides the same coverage for retirees and their dependents as for active employees and their dependents. The City also provides life insurance benefits to retirees. The life insurance benefits continue for lifetime. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. The Plan does not issue a stand-alone financial report.

The City provides health insurance benefits to retirees and their dependents in accordance with Kansas law (K.S.A. 12-5040). Kansas statutes, which may be amended by the state legislature, establish that participating retirees may be required to contribute to the employee group health benefits plan, including administrative costs at an amount not to exceed 125 percent of the premium cost for other similarly situated employees. The City requires participating retirees to contribute approximately 85 percent of the blended premium cost of active employees up to age 65 (including the employer and employee share). Retirees contribute 100 percent of their life insurance premiums. The City appropriates funds annually for the costs associated with this retirement benefit and provides funding for the expenditures on a pay-as-you-go basis through the General Fund. In 2022, the City did not contribute to the Plan.

At December 31, 2022, Plan membership consisted of the following:

Active employees	189
Retirees and covered spouses	3
	192

The total OPEB liability was measured as of December 31, 2022 and was determined by an actuarial valuation as of December 31, 2022. Changes in the total OPEB liability are as follows:

		City	Library	Total		
Balance at 1/1/2022	\$	1,352,152	\$ 51,151	\$	1,403,303	
Service cost		85,367	14,854		100,221	
Interest		21,645	11,129		32,774	
Benefit payments		(89,224)	(4,541)		(93,765)	
Changes in assumptions		(171,860)	(8,747)		(180,607)	
Differences between expected and actual						
experience		(189,370)	 (9,638)		(199,008)	
Balance at 12/31/2022	\$	1,008,710	\$ 54,208	\$	1,062,918	

The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	December 31, 2022
Actuarial cost method	Entry age normal as a level percentage of payroll
Inflation rate	2.50%
Salary increases	2.75%
Discount rate	4.31%
Healthcare cost trend rates	7.75% for 2022, decreasing 0.25% per year to an ultimate rate of 4.50%
	for 2035 and later years
Current rate	7.75%
Ultimate rate	4.50%
Year ultimate rate is reached	2035

The discount rate was based on an index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Mortality rates were based on the RP 2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

Changes and items of impact relative from the beginning to the end of year measurement were as follows:

- 1. Discount rate was increased from 2.25% to 4.31%.
- 2. Per-capita costs were updated to reflect experience since the previous valuation
- 3. Immediate medical trend was increased to 7.75%, and the annual decrement was decreased from 0.5% to 0.25%.
- 4. Annual dental trend was decreased from 4.5% to 4.0%.

The following presents the total OPEB liability of the City and the Library, as well as what their total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

		City							
	1	% Decrease	D	iscount Rate	1% Increase				
		(3.31%)		(4.31%)		(5.31%)			
	'					_			
Total OPEB liability - City	\$	1,129,272	\$	1,008,710	\$	901,655			
Total OPEB liability - Library		60,687		54,208		48,455			

The following represents the total OPEB liability of the City and the Library as well as what their total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	19	% Decrease	Healthcare st Trend Rates	1% Increase		
Total OPEB liability - City Total OPEB liability - Library	\$	874,330 46,987	\$ 1,008,710 54,208	\$	1,170,062 62,880	

OPEB Expense, Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2022, the City recognized OPEB expense of \$ 3,206. At December 31, 2022, the City and the Library reported deferred outflows and inflows of resources related to OPEB from the following sources:

		Ci	ity		Library				
	Γ	Deferred		Deferred	Deferred		Ι	Deferred	
	Outflows of		f Inflows of		Outflows of		In	flows of	
	Resources		F	Resources	Re	Resources		Resources	
Changes of assumptions Differences between expected	\$	35,764	\$	243,005	\$	1,922	\$	13,059	
and actual experience				590,731		_		31,748	
	\$	35,764	\$	833,736	\$	1,922	\$	44,807	

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	 City		
2023	\$ (123,170)	\$	(6,619)
2024	(123,170)		(6,619)
2025	(123,170)		(6,619)
2026	(123,170)		(6,619)
2027	(123,562)		(6,641)
Thereafter	 (181,731)		(9,767)
Total	\$ (797,973)	\$	(42,884)

Disability Benefits and Life Insurance

The City and the Library participate in a multiple-employer defined benefit other postemployment benefit (OPEB) plan (the Plan) which is administered by the Kansas Public Employees Retirement System (KPERS). The Plan provides long-term disability benefits and a life insurance benefit for disabled members to KPERS members, as provided by K.S.A. 74-04927. The Plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. However, because the trust's assets are used to pay employee benefits other than OPEB, the trust does not meet the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Accordingly, the Plan is considered to be administered on a pay-as-you-go basis.

Employer contributions are established and may be amended by state statute. Members are not required to contribute. Employer contributions paid for benefits as they came due during the fiscal year ended December 31, 2022 totaled \$ 0.

Benefits are established by statute and may be amended by the KPERS Board of Trustees. The Plan provides long-term disability benefits equal to 60 percent (prior to January 1, 2006, 66% percent) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver of premium provision.

The monthly long-term disability benefit is 60 percent of the member's monthly compensation, with a minimum of \$ 100 and a maximum of \$ 5,000. The monthly benefit is subject to reduction by deductible sources of income, which include Social Security primary disability or retirement benefits, workers compensation benefits, other disability benefits from any other sources by reason of employment, and earnings from any form of employment. If the disability begins before age 60, benefits are payable while the disability continues until the member's 65th birthday or retirement date, whichever occurs first. If the disability begins after age 60, benefits are payable while the disability continues, for a period of five years or until the member retires, whichever occurs first. Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically based mental illnesses are limited to the shorter of the term of the disability or 24 months per lifetime.

The death benefit paid to beneficiaries of disabled members is 150% of the greater of 1) the member's annual rate of compensation at the time of disability, or 2) the members previous 12 months of compensation at the time of the last date on payroll. If the member has been disabled for five or more years, the annual compensation or salary rate at the time of death will be indexed using the consumer price index, less one percentage point, to compute the death benefit. If a member is diagnosed as terminally ill with a life expectancy of 12 months or less, the member may be eligible to receive up to 100% of the death benefit rather than having the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual insurance policy.

As of the valuation date of December 31, 2021, the following employees were covered by the benefit terms.

Active employees	149
Disabled members	
	149

The total OPEB liability was measured as of June 30, 2022 and was determined by an actuarial valuation performed as of December 31, 2021.

	City		Library		Total	
Balances at 1/1/2022	\$	133,549	\$	10,100	\$	143,649
Service cost		24,272		1,675		25,947
Interest		3,427		236		3,663
Effect of economic/demographic gains or losses		(32,136)		(3,393)		(35,529)
Changes of assumptions/methodology		(35,139)		(3,569)		(38,708)
Balances at 12/31/2022	\$	93,973	\$	5,049	\$	99,022

The total OPEB liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	December 31, 2021
Actuarial cost method	Entry age normal
Inflation rate	2.75%
Salary increases	3.50% (composed of 2.75% inflation and .75% productivity)
Payroll growth	4.00% long-term growth for actuarial valuation. 3.00% near-term growth
Discount rate	3.54%
Mortality rates	Local Males: 90% of RP-2014 M Total Dataset +2
	Local Females: 90% of RP-2014 F Total Dataset +1
	Generational mortality improvements were projected for future years
	using MP-2021

The discount rate was based on the Bond Buyer General Obligation 20-Year Municipal Index.

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study conducted for the period January 1, 2016 through December 31, 2018.

Changes and items of impact relative to the prior valuation were as follows.

- 1. The discount rate was updated in accordance with the requirements of GASB 75.
- 2. The Disability Rates, Estimated Offsets, Waiver Mortality Rates and Claim Cost Assumption have been updated based on recent experience.
- 3. The overall impact of the new assumptions is a decrease in the benefit obligations.

The following presents the total OPEB liability of the City and Library, as well as what the City and Library's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.54 percent) or 1-percentage-point higher (3.54 percent) than the current discount rate:

	 1% Decrease (2.54%)		count Rate (3.54%)	1% Increase (4.54%)	
Total OPEB liability - City Total OPEB liability - Library	\$ 98,222 5,277	\$	93,973 5,049	\$	89,530 4,810

The following represents the total OPEB liability of the City and Library as well as what the City and Library's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	Healthcare 1% Decrease Cost Trend Rates 1% Increase					
Total OPEB liability - City Total OPEB liability - Library	\$	93,973 5,049	\$	93,973 5,049	\$	93,973 5,049

For the year ended December 31, 2022, the City recognized OPEB expense of \$ 11,204. At December 31, 2022, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	City				Library			
	D	Deferred		Deferred		Deferred		eferred
	Outflows of		Inflows of		Outflows of		In	flows of
	Resources		Resources		Resources		Resources	
Differences between expected and actual experience Changes in assumptions	\$	- 8,442	\$	102,434 35,470	\$	- 453	\$	5,505 1,906
	\$	8,442	\$	137,904	\$	453	\$	7,411

Amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	 City		
2023	\$ (17,467)	\$	(939)
2024	(17,467)		(939)
2025	(17,467)		(939)
2026	(17,330)		(931)
2027	(16,211)		(871)
Thereafter	 (43,520)		(2,339)
Total	\$ (129,462)	\$	(6,958)

Aggregate Other Postemployment Healthcare Benefit Information

The aggregate amount of OPEB expenses for the two OPEB plans for the year ended December 31, 2022 was \$ 14,410 for the City.

	Balances at December 31, 2022							
			Disab	oility Benefits

Total deferred inflows of resources		44,807		7,411		52,218		

14 - Risk Management

The City is exposed to various risks of loss related to torts; that is, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters other than those related to employee health benefits. Settled claims have not exceeded this commercial coverage in any of the three preceding years. There have not been significant reductions in claims from prior years.

Group Hospitalization. The City maintains a partially self-funded health insurance plan covering substantially all full-time employees. A monthly premium is paid to an insurance company for individual and aggregate stop-loss coverage and includes an amount for administrative costs. The maximum liability of the City for each individual covered is \$ 75,000 per plan year. Any claims paid in excess of this amount will be reimbursed to the City by the insurance company at the end of the plan year. The transactions of the health insurance plan are accounted for in the Group Hospitalization department in the General Fund and

are subsequently allocated to various departments and/or funds. The rates are based on past historical costs for individual and family coverage and expected future claims. The claims liability of \$ 13,019 reported at December 31, 2022 is based on the requirements of Governmental Accounting Standards Board Statement No. 10 which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

The changes in health care claims payable for the years ended December 31, 2022 and 2021 are as follows:

	2022			2021		
Unpaid claims, January 1 Incurred claims (including IBNRs) Claim payments	\$	15,044 1,063,633 (1,065,658)	\$	5,889 1,229,014 (1,219,859)		
Unpaid claims, December 31	\$	13,019	\$	15,044		

15 - <u>Interfund Activity</u>

Interfund transfers reflect the flow of resources from one fund to another fund, generally from the fund in which the resources are received or reside to the fund in which the resources will be expended. Interfund transfers for the year ended December 31, 2022, consisted of the following:

Fund	Transfers In			Transfers Out		
Major governmental funds:						
General	\$	1,738,403	\$	527,221		
Capital projects		37,187		391,000		
Debt service		411,000		-		
Street and highway		480,000		-		
Nonmajor governmental funds		-		138,403		
Major proprietary funds:						
Water/wastewater		-	_	1,609,966		
	\$	2,666,590	\$	2,666,590		

Transfers are used to (1) move revenues from the fund that statutes or the budget requires to collect them to the fund that statutes or the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and (4) eliminate negative cash balances in the payable funds due to project payment timing.

At December 31, 2022, the Community Development Block Grant Fund owed the General Fund \$8,317 resulting from elimination of negative cash balances caused by project timing, which was recorded as due to/from other funds.

16 - <u>Commitments and Contingencies - Encumbrances</u>

The City uses encumbrances to control expenditure commitments for the year and to enhance cash management. Encumbrances represent commitments related to executory contracts not yet performed and purchase orders not yet filled. Commitments for such expenditure of monies are encumbered to reserve a portion of applicable appropriations. Encumbrances still open at year-end are not accounted for as expenditures and liabilities, but, rather, as restricted, committed, or assigned fund balance. At December 31, 2022, the City's encumbrances were recorded as follows:

General fund	\$ 137,666
Street and highway fund	25,000
Water/wastewater fund	1,021,895
Stormwater fund	60,768
Total encumbrances	\$ 1,245,329

17 - Contingencies

The City is involved in various lawsuits incurred through normal operations. It is the opinion of the City's management that the outcome of this litigation will not result in a material loss to the City in excess of applicable insurance coverage.

18 - Tax Abatements

The City negotiates property tax abatement agreements on an individual basis. The City has tax abatement agreements with six entities as of December 31, 2022:

Entity	Abat	ount of Taxes ed During the iscal Year
Millers, Inc.	\$	136,067
E & J Investment, LLC		15,863
La Quinta Inn & Suites		69,202
Kendall Packaging Corporation		28,551
Pinamonti Physical Therapy, PA		51,162
Rallison, LP (Progressive Products)		16,737
Total	\$	317,582

The Millers, Inc. and E & J Investments, LLC agreements have been negotiated under Section 13 of Article 11 of the Kansas Constitution, which specifies that the property for which the exemption is granted will be used for manufacturing articles of commerce, conducting research and development or storing goods or commodities which are sold or traded in interstate commerce. The exemption may be granted for a maximum of ten years. The City's Tax Exemption and Incentives for Economic Development Policy

governs the issuance of tax exemptions within the City and dictates the following procedures: 1) The applicant shall apply for a tax exemption by filing a written application, 2) The City shall then determine whether the requested tax exemption may be lawfully granted and should be granted, 3) If it is determined that some tax exemption should be granted, a 100% exemption of the property of the business legally eligible for the exemption shall be provided, 4) The amount of the tax incentive, which will be an amount less than the taxes otherwise payable if the property were not exempt, will then be determined in accordance with the policy, and 5) Upon the failure of the business to fully and timely pay the in lieu tax payments, as may be required as a condition of granting of an exemption, or to provide reports or other information requested by the City and reasonably necessary for the implementation of the policy, the City may either deny, revoke, or not renew the authorization of such an exemption. All requests for a tax exemption for economic development purposes shall be considered and acted upon in accordance with the City's Tax Exemption and Incentives for Economic Development Policy.

The Pinamonti Physical Therapy, PA, La Quinta Inn & Suites, Kendall Packaging Corporation, and Rallison, LP (Progressive Products) agreements have been negotiated under K.S.A. 12-1740 et seq, which authorizes the City to issue industrial revenue bonds to pay for the costs of facilities used for commercial, industrial and manufacturing purposes. The City must prepare an analysis of the costs and benefits of each exemption and conduct a public hearing on the granting of such exemption. The notice of public hearing must be published at least seven days prior to the hearing in the official City newspaper.

The City has not made any commitments as part of the agreements other than to reduce taxes. The City is not subject to any tax abatement agreements entered into by other governmental entities. The City has chosen to disclose information about its tax abatement agreements individually.

19 - Subsequent Events

The City has evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements are available to be issued.

OTHER SUPPLEMENTARY INFORMATION

COMBINING FINANCIAL STATEMENTS AND INDIVIDUAL FUND SCHEDULES

GOVERNMENTAL FUNDS DESCRIPTIONS

NONMAJOR SPECIAL REVENUE FUNDS

The primary purpose of the Special Revenue Funds is to account for and report the proceeds of specific sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The following nonmajor Special Revenue Funds are reported:

Special Parks and Recreation Fund – to account for park and recreation programs and activities. Financing is through the State of Kansas's 10% tax on the sale of liquor. One-third of the liquor tax proceeds is returned to the cities in which the tax is collected to be used to finance park and recreation programs and activities.

Special Alcohol and Drug Fund – to account for alcohol and drug rehabilitation programs. Financing is through the State of Kansas's 10% tax on the sale of liquor. One-third of the liquor tax proceeds is returned to the cities in which the tax is collected to be used to finance alcohol and drug rehabilitation programs.

PHA/Presbyterian Church Housing Fund – to account for funds which must be used to promote the expansion of the supply of low- and moderate-income housing in the City and in Crawford County, Kansas.

Section 8 Fund – to account for federal grants under the Department of Housing and Urban Development (HUD) Program.

Community Development Block Grant Fund – to account for federal grants under the HUD Community Development Block Grant Program (CDBGP).

CDBG TBRA Grants Fund – to account for a grant funded through the State of Kansas Housing Resource Corporation for the purpose of providing supportive assistance to the homeless and/or at risk of becoming homeless in the Pittsburg community.

Demolition Fund – to account for funds set aside to assist with the demolition of dilapidated or unsafe structures within the City.

MIH Grants Fund – to account for a grant from the State of Kansas Housing Resource Corporation for the purpose of providing assistance to moderate-income households that don't qualify for federal housing assistance.

Land Bank Fund – to account for the sale of vacant property owned by the City while eliminating the liabilities imposed on the City by vacant, dilapidated, or abandoned parcels.

Northgate Community Improvement District (CID) Fund – to account for the special CID sales tax of 0.9% on retail sales made at the Northgate Plaza retail area. The CID sales tax is remitted to the City by the State of Kansas and the City then remits these funds to the developer upon receipt of expenditures for improvements specified in the CID project document.

COVID Spark Fund – to account for Coronavirus Relief Fund (CRF) monies distributed by the State of Kansas through Crawford County to address medical or public health needs related to the pandemic.

Opioid Settlement Fund – to account for opioid settlement monies distributed by the State of Kanas to address public health needs related to addiction.

RHID Districts Fund – to account for funds set aside for development of housing infrastructure and renovations with rural communities.

City of Pittsburg, Kansas Direct and Overlapping Governmental Activities Debt As of December 31, 2022

Governmental Unit	Ou	Debt tstanding (1)	Estimated Percentage Applicable (1)	I	Estimated Share of Direct and Overlapping Debt
Debt repaid with property taxes					
Crawford County Pittsburg U.S.D. 250	\$	2,307,200 50,855,000	52.25% 84.29%	\$	1,205,512 42,865,680
Subtotal, overlapping debt					44,071,192
City direct debt (2)					18,986,905
Total direct and overlapping debt				\$	63,058,097

- (1) Source: Crawford County Clerk, USD 249 and USD 250.
- (2) The City's direct debt total excludes business-type activities debt. The Special Obligation Tax Increment Revenue Bonds (TIF) are included, however the City bears no responsibility on repaying the TIF bonds. The debt burden for the TIF bonds is not borne by the residents of the City of Pittsburg.

Notes: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

CITY OF PITTSBURG, KANSAS NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS Year Ended December 31, 2022

1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Pittsburg, Kansas (the City) under programs of the federal government for the year ended December 31, 2022. The City's reporting entity is defined in Note 1 to the City's basic financial statements. All federal awards passed through other government agencies are included on the Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the net position, changes in net position or cash flows of the City.

2 - Summary of Significant Accounting Policies

The accompanying schedule of expenditures of federal awards is presented using the modified accrual basis of accounting which is described in Note 1 to the City's basic financial statements. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The City has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

CITY OF PITTSBURG, KANSAS SCHEDULE OF FINDINGS AND QUESTIONED COSTS Year Ended December 31, 2022

Section I – Summary of Auditors' Results

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mayor and City Commissioners City of Pittsburg, Kansas:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pittsburg, Kansas (the City) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 5, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Mayor and City Commissioners City of Pittsburg, Kansas:

Report on Compliance for the Major Federal Program

Opinion on the Major Program

We have audited the City of Pittsburg, Kansas's (the City) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the City's major federal program for the year ended December 31, 2022. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2022.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with the auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole. In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
